

THREE AMERICANS KILLED; TWELVE TAKEN PRISONER

Sammies Cut Off from Relief By Heavy Bar- rage in Rear

WITH THE AMERICAN ARMY IN FRANCE, Nov. 5.—By The Associated Press—A small detachment of American infantrymen was attacked in the front line trenches early Saturday morning by much superior force on German shock troops. The Americans were cut off from relief by the heavy barrage in their rear. They fought gallantly until overwhelmed solely by numbers.

The fighting in the trenches was hand to hand. It was brief and fierce in the extreme.

As a result of the encounter three Americans were killed and four wounded. A sergeant and corporal and ten men were taken prisoner.

Two French soldiers, who were in the trenches, also were killed. The enemy lost some men but their number is not known as the dead and wounded were carried off by the retreating Germans.

From the beginning of the engagement until the end the Americans lived up to all traditions of the American army, the records showing the bravery of the detachment and of individual members.

Official Casualty List.
Washington, Nov. 5.—The official casualty list of the losses of American troops in France in their first clash with the Germans follows:

Killed.
Private Thomas F. Enright, sister Mrs. Mary Irwin, 6611 Premo street, Pittsburgh.

Private James B. Graham, mother Mrs. Alice Dodd, 1001 West Ohio street, Evansville, Ind.

Private Merle D. Hay, father Harry D. Hay, Glidden, Ia.

Wounded.
Private John J. Smith, brother P. D. Smith, Box 82, Ludington, Mich.

Private Charles J. Hopkins, brother James W. Hopkins, Stanton, Texas.

Private George L. Box, father James L. Box, No. 700 North Crady street, Altus, Okla.

Private Homer Givens, father William F. Givens, Cloverdale, Ala.

Private Charles L. Orr, mother Mrs. Sarah Regnell, R. F. D. No. 5, Lyons, Kansas.

Captured or Missing.
Sergeant Edgar N. Haliburton, father George B. Haliburton, Stony Point, N. C.

Corporal Nicholas L. Mulhall, mother Mrs. Bridget Mulhall, 189 Ninth street, Jersey City, N. J.

Corporal Edwin H. Haines, mother Mrs. Elizabeth Haines, route No. 4, Woodward, Okla.

Private Herchel Godfrey, father, William C. Oberst, 709 North Ridgeway avenue, Chicago, Ill.

Private Vernon M. Kendall, father Sam Kendall, R. F. D. No. 2, Roll, Okla.

Private William P. Grigsby, mother Mrs. Lizzie Grigsby, No. 1278 Willow avenue, Louisville, Ky.

Private Frank C. McDougal, father R. L. McDougal, No. 822 East First street, Maryville, Mo.

Private Daniel B. Gallagher, father Neil Gallagher, Blocton, Ala.

Private John P. Lester, father William Lester, Tutwater, Miss.

Private Harry Langham, Ada 3, Langham, No. 461 Oakland Boulevard, Chicago, Ill.

Private Dewey D. Kern, mother Mrs. Eva W. Tilton, Collins, Ala.

Private Kecken, cannot be identified.

Young Chicagoan Captured.
Chicago, Nov. 5.—A tear-choked voice answered a telephone at the residence of William C. Oberst, step-father of Herchel Godfrey, was a woman's voice and there was no need to ask if she had heard.

"Yes," she said, "a telegram came from the war department at 4 o'clock this morning. Do you think it is right? I thought maybe it might be he—he was killed you know, and they didn't want to say so right off."

The reporter reassured her. He argued that the list of killed was at hand and that her son's name was not among them.

"Oh, yes; but I don't know; maybe it would be better if he had been the way those awful Germans treat prisoners. He's my only boy. Do you think—"

"I think," lied the inquirer, "that you are a lucky mother. Of course the stories are exaggerated. We hate the Germans and when there is, cruelty to prisoners we naturally don't give the boches the best of it."

And thus the first war loss of a Chicagoan reached his mother.

Godfrey is twenty years old; was employed by the Western Electric Company, and was among the first to enlist upon Declaration of War.

Against Second Contingent
The German raid on the American trench was carried out against members of the second contingent entering the trenches for training. These men had only been in a few days. Before dawn Saturday the Germans began shelling vigorously the barbed wire front of the trenches dropping many high explosives of large caliber. A heavy artillery fire was then

WORK AT SHIP BUILDING PLANT RESUMED TODAY

Decide to Leave Disputed Matters to be Arbitrated—Respond to Appeals to Patriotism.

Quincy, Mass., Nov. 5.—Work at the great plant of the Fore River Shipbuilding company which has been badly crippled by a strike since last Wednesday will be resumed tomorrow. The three labor organizations responded today to an appeal to their patriotism by assistant secretary of the navy, Franklin D. Roosevelt, and voted to return at once to work and leave the matters in dispute to be arbitrated by Henry B. Endicott, executive manager of the Massachusetts committee on public safety. The company also accepted Mr. Endicott as arbitrator.

NEW POISONOUS GAS PROVES MOST DEADLY

Amsterdam, Nov. 5.—According to the correspondent at Gorizia of the Budapest Newspaper Pest-Hirlap the Austrians made their attack upon Gorizia with a new poisonous gas, the invention of a Viennese professor. The rain which fell during the attack, it is explained, kept the fumes close to the ground and rendered the Italian masks useless against the new invention which the correspondent declares is one hundred times stronger and more deadly than the gas used in former attacks on the same front.

SEPARATION OF RACES VIOLATES CONSTITUTION

Supreme Court Declares Invalid the Louisville Segregation Ordinance.

Washington, Nov. 5.—Compulsory separation of the negro and white races in residential districts is a violation of the constitution, the supreme court held today in an unanimous opinion declaring invalid the Louisville, Ky., segregation ordinance. The measure which prohibited persons of either race moving into blocks in which a majority of residents were of opposite color, is similar to ordinances now in effect in St. Louis, Baltimore, Richmond and many other southern cities.

Such laws, the court decided, would not prevent the amalgamation of the races as was claimed by the Louisville authorities or prevent race conflicts. The court's action was reversal of the lower court which held the ordinance to be a reasonable exercise of state police powers.

PLAN TO SUPPLY U. S. PRISONERS WITH FOOD

WASHINGTON, Nov. 5.—Arrangements for supplying captured Americans with food and clothing in the German prison camps have been made thru the Red Cross which has a committee in Switzerland to send rations and other necessities at regular intervals. As the number of Americans in German hands increases it may be necessary to make further provision for them thru the Spanish ambassador in Berlin who is caring for American interests there. The capture of the soldiers heightens interest in the question as to the probable treatment of American prisoners in Germany. Other military prisoners have been used on roads and in the fields and presumably the Americans will be treated the same way.

Secretary Baker would make no comment today on the capture. The facts made public were all that had reached the department, he said and spoke for themselves. As to the treatment of prisoners and reports of brutality in the German camps, Mr. Baker's only comment was that the United States was bound by the Geneva conventions and would live up to them so far as any prisoners falling into American hands was concerned.

HOG CHOLERA LOSS.
Washington, Nov. 4.—Hog cholera killed enough animals last year to have fed one million soldiers a meat ration for five and a half months, the department of agriculture announced today. This enormous loss the statement said was unnecessary as hog cholera to a large extent can be prevented or controlled thru vaccination, disinfection and the quarantine of infected herds.

SHORTAGE OF FUNDS.
Chicago, Nov. 5.—A shortage of \$3,000 of the funds of the paymaster's department at the Great Lakes Naval Training Station became known today when announcement was made that the monthly disbursement of more than \$1,000,000 had been held up for more than a week.

Captain E. A. Moffett, commandant, said today when the shortage was discovered a recount of all the money in the envelopes prepared for the Bluejackets was made but the amount remained the same. Federal operatives are working on the case.

**CHICAGO LOSES COG
IN FOOTBALL MACHINE**
Chicago, Nov. 5.—Chicago lost a cog in its football machine today when surgeons reported that Cochran, right tackle had suffered a fracture of the cheek bone serious enough to keep him out of play for the rest of the season. He was kicked toward the end of the Illinois game Saturday.

**EXPECT HEAVY VOTE
IN VIRGINIA**
Richmond, Va., Nov. 5.—Republican opposition to all Democratic nominees is expected to cause a heavy vote tomorrow thruout Virginia. The Republicans are running on a "dry" platform and are attacking the Democratic nominee for governor, Westmoreland Davis, on the charge that he is a "wet" candidate.

GOVERNMENT WILL REQUISITION TEN PER CENT OF COAL

Order Requisitioning Part of Every Mine's Output to Be Issued

WASHINGTON, Nov. 5.—An order requisitioning for the government 10 per cent of the output of virtually every coal mine in the country will be issued by the fuel administration tomorrow. The order will be distributed by the government to meet the emergency requirements wherever they may arise. The consumption is keeping pace so closely with production that many parts of the country are feeling the pinch of a coal shortage. Industries essential to the public welfare in many cities face the prospect of closing down and thousands of householders have found it impossible to purchase a winter's supply of fuel.

The fuel administration has met the situation as best it could by ordering individual mines to supply emergency needs but it has been decided that a government pile of "spot coal" best will serve the purposes. Operators will be directed to trim contracts generally to furnish thirteen per cent desired. It is likely that instructions will accompany the order directing the producers to reduce first the contracts of concerns whose output is not required either for war purposes or for domestic requirements. Within a short time the fuel administration will classify all industries in the order of their importance and will direct that they be supplied with coal according to their classification. Essential industries and householders will be classed under the heading "A" and others will be rated as in the opinion of the government they should be supplied.

An early revision of coke prices was forecast today when Warren S. Bleuvelt, of Detroit, was named as a special assistant to Fuel Administrator Garfield in charge of coke. Coke is now selling at prices fixed in the steel price agreement made recently by steel producers with the war industries board.

The fuel administration has received from the federal trade commission estimates on the cost of producing oil and gasoline and will announce soon the measure of control it will assume over oil production and distribution.

EXPLOSION KILLS FIVE; INJURES TWO

NEW KENSINGTON, Pa., Nov. 5.—Five men are known to have been killed and a search is being made for the bodies of two other men believed to have met death; another is reported dying and 47 workmen were burned, 17 seriously, in the explosion and fire which destroyed the bronze powder plant of the United States Aluminum company, a subsidiary of the Aluminum company of America, here today with a loss of \$300,000.

In a statement issued today R. A. Hunt, general superintendent of the United States Aluminum company said:

"There is a possibility German agents are responsible for the fire." The plant employed about 300 men, and is said to have been engaged in making materials for liquid fire for an allied government.

**WILL NOT BE CALLED
INTO SERVICE IMMEDIATELY**
Washington, Nov. 5.—Men recommended for commissions at the close of the second series of officers training camps will be called into active service only as there is actual need for them.

Explaining the war department's policy today Secretary Baker said it had always been the purpose to build up a reserve of officers by means of the camps and while some of the second camp men will be needed at once, indications are that a majority of them will be held on the inactive list until the next increment of the national army is organized.

**CHANGES WILL BE
PRESENTED FRIDAY**
Champaign, Ill., Nov. 5.—When the board of trustees of the University of Illinois assemble here next Friday to dedicate the Smith Memorial building, charges that a coterie of university instructors are disloyal will be presented to it, according to an announcement today. President James refuses to be quoted in connection with the charges.

**TRACK TEAM CAP OF ENLIS
U. OF C. ENLISTS**
Chicago, Nov. 5.—Joe Stout, captain of the University of Chicago 1916 track team is on his way to San Francisco to join the aviation corps, it was learned tonight from a fraternity brother after friends began investigation of his disappearance from the university last week. Stout who has been training for the mile run in the hopes of a new record was unofficially clocked by Tom Eck, veteran trainer of the U. of C., in 4:11 2-5.

CAMP IS COSTLY
Camp Dodge, Ia., Nov. 5.—When all construction work at this cantonment is completed, it will represent a total expenditure of more than \$5,500,000, construction engineers estimated today. The expenditure up to October 31 was \$5,420,000.

War News Summarized

The Austro-German forces operating against the Italians along the Tagliamento river from the region of the Carnic Alps southward to the Adriatic sea are proving a serious menace.

The invaders of Venetia have driven their way across the river at Pinzano and are proceeding westward while to the north on the Italian left wing, intensive operations are being carried out by the Teutonic allies, the two manœuvres probably having as their objective the cutting off of the entire right wing of General Cadorna's army.

The Berlin war office in its announcement of the forcing of the river says six thousand Italians were made prisoner and that additional number of guns also were taken. The Italian official communication makes only brief mention of the operation merely asserting that the enemy succeeded in bringing some of his forces to the right bank of the stream.

There is no indication yet whether it is the intention of General Cadorna to endeavor to maintain the Tagliamento line, but it is not improbable that his stand here is a temporary one while positions of greater strength are being prepared in the rear. Never since the retreat from the Isonzo front began has there been any official statement concerning the spot chosen by Cadorna for turning about against the enemy, but some military observers have considered that, with his large losses in men and guns during the retrograde movement he would merely elect to stand along the Tagliamento and retard the enemy until better arrangements including reinforcements in men and guns could be provided further back westward.

Both the Rome and Berlin war offices are silent as to the movement begun by the enemy in the Trentino region last Saturday which it is believed at the time indicated that the Germans and Austro-Hungarians would attempt to push southward along the western banks of Lake Garda thru Brescia and out upon the plains between Milan and Verona.

In the first attempt to break the Italian front in this region the Teutonic allies met with repulse and even lost men made prisoner.

The British and French troops in Flanders continue to carry out raiding operations successfully against the Germans and to bombard heavily the enemy positions at various points with the Germans replying actively in the sector between the Houtholst wood and the Comines-Ypres canal.

Bombardments also predominate on the southern part of the front in France. Two additional defeats of the Ottoman forces are recorded by the British in Southern Palestine and by the Russians in the Black Sea coast. North of Beersheba the British are pressing on with the definite object of the capture of the coast city of Gaza. In their operations they have taken 207 officers and 2,429 prisoners. The Russians have driven the Turks from first line trenches in the Black Sea region and have advanced at some places to the third line. Large quantities of booty were captured.

**QUIET CAMPAIGN
IN MASSACHUSETTS**
BOSTON, Nov. 5.—Interest in the most quiet political campaign in Massachusetts has had in years was quickened tonight by the sharp fight which has developed in the last few days over granting state aid to private institutions.

The gubernatorial contest is between Governor McCall, who seeks a third term and his Democratic opponent Frederick W. Mansfield who also opposed him last term.

**PLANTERS ACCEPT
MAXIMUM PRICES**
NEW ORLEANS, Nov. 5.—Louisiana planters today adopted a resolution accepting maximum prices for plantation clarified and raw sugars set yesterday by Food Administrator Hoover but he was asked to reconsider his ruling as to the price on yellow clarified sugar.

The planters also pledged support to the federal and state food administrations and agreed to deliver to the American Sugar Refining company 100,000 tons of raw sugar at the average price of 6.225.

PLEDGE CARD CAMPAIGN
Washington, Nov. 5.—Belated returns to the food administration today raised the total number of pledges received in last week's intensive food pledge card campaign to well above 7,000,000. Complete reports are expected to send the total to 10,000,000 the food administration's goal for the week and extension of the campaign thru this week will raise the total.

CHARGES DISMISSED
Paris, Nov. 5.—The charges against Leon Daudet of L'Action Francaise and Charles Mauras of the same newspaper were dismissed today. The judge investigating the alleged royalist plot found no evidence to sustain the charges.

NEGRO ROBBER KILLED
Chicago, Nov. 5.—In a pistol fight between Edward L. Knowles, a negro robber, and three policemen here today the negro was killed and Policeman Michael Meehan shot thru one lung. Property stolen by Knowles in a robbery an hour before was found on his person. It was reported that Meehan's wound was fatal.

WILL START CAMPAIGN
New York, Nov. 5.—Immediately after the election tomorrow the anti-saloon league will prosecute a vigorous month's campaign thruout New York state for national prohibition.

U. S. RECOGNIZES JAPAN'S SPECIAL INTEREST IN CHINA

Lansing Refuses to Con- firm Peking An- nouncement

PEKING, Nov. 5.—Baron Gonsuke Hayashi, Japanese minister to China today informed the Chinese foreign office that Viscount Kikujiro Ishii, head of the Japan mission in the United States and Secretary of State Lansing signed an agreement Nov. 1, by which the United States recognizes Japan's special interests in China and under which Japan and the United States reaffirm the "open door" policy in China.

Declines to Make Statement.
Washington, Nov. 5.—Secretary Lansing declined to authorize any statement for publication tonight concerning the news from Peking that the Japanese minister had informed the Chinese foreign office of the signing of an agreement by the secretary and Viscount Ishii respecting China. It is known that the Chinese question was discussed at the conference between the Japan mission and the state department, but there has been no announcement on the subject.

For a long time the questions of the open door for trade in China, and Japan's claims to special interests in that country, have been the sources of great diplomatic activity between the United States and other powers and Japan.

Since the Russo-Japanese war, Japan has sought to extend her sphere of influence in China, both commercially and politically, which has resulted in considerable diplomatic controversy in which China herself took part in opposing Japan's ambitions in great measure.

The high point in the controversy came early in the year 1912, after the establishment of a republic in China put forth her famous group of demands which called for a pre-dominant influence in China. Originally there were twenty-one of these demands but later after much argument these were cut down to eleven. This controversy centered mainly between China and Japan.

China's principal objection was to group five of the original demands, which had to do with the appointment of Japanese military and political adviser for China and for Japanese supervision over the manufacture or purchase by China of munitions of war. This demand was withdrawn. The Japanese demands also provided for the transfer complete to Japan of the German lease on Kiaochow; a pledge not to alienate any of the territory of the Shan-tung province; consent to a Japanese railway joining Kiaochow with Chefoo or Lung Kow, and the opening of certain treaty ports to be selected later.

**U. S. PLACES SHIPS AT
DISPOSAL OF ITALY**
WASHINGTON, Nov. 5.—Five ships with a tonnage of about 25,000 tons far have been placed by the American government at the disposal of Italy for transport of supplies. Before the month is over another 75,000 tons, it is said today, will have been turned over.

The Italians are chiefly in need of coal, steel and grain and the first ships given them are carrying coal.

**UNARMED SOLDIERS
ARE ATTACKED IN WEST**
Marysville, Cal., Nov. 5.—A Western Pacific troop train was attacked yesterday by a number of men and cut in two while it had stopped temporarily in Feather River canyon, fifty miles from here, according to reports made today by officers on the train when they arrived here. The soldiers were without rifles but armed themselves with sticks and beat off the men.

NOT SATISFIED.
San Francisco, Cal., Nov. 5.—The new wage scale for ship yards in the San Francisco, Columbia River and Puget Sound districts, announced by the United States shipbuilding labor adjutant board last night, threatens to produce another labor crisis. Although the new wages represent advances of from ten to thirty per cent over the old scale, the leaders of the employees claim these do not meet the advance in the cost of living.

REQUEST SPECIAL SESSION
Chicago, Nov. 5.—The Chicago city council at a meeting held today adopted a resolution requesting Governor Lowden to call a special session of the Illinois general assembly for the passage of laws necessary to provide more revenue for Chicago.

Six hundred saloons recently went out of business which will result in a loss of \$600,000 in the city's annual revenue.

TITLES INVOLVED
Washington, Nov. 5.—Titles to 43,000 acres of land in the Omaha Indian Reservation, valued at \$3,500,000 are involved in a decision today by the supreme court which reserved federal decrees holding that the treaty of 1865 gave the tribe clear title to the land, preventing congress from allotting the same land under an act passed in 1882.

THINK DESTROYERS BEST ANTIDOTE FOR SUBS

U. S. Senators Confer with Commander of American Destroyer Squadron.

London, Nov. 5.—Having completed their tour of English shipyards Senators Kenyon of Iowa and Kendrick of Wyoming this morning went into conference with Vice-Admiral Sims, commander of the American destroyer squadron. After the conference Senator Kenyon said:

"We are convinced destroyers are the best antidotes for U-boats. We cannot have too many of them. The additional destroyers and the hundreds of thousands of tons of new shipping which England and the United States are turning out will in time overcome the U-boat."

Every facility was given to the senators for obtaining first hand information regarding England's shipbuilding efforts, which they said were colossal. They were especially interested in the new standard ships which are being turned out rapidly.

On their way back to London the senators were taken to a munitions plant where they saw a group of thirty-six Americans making munitions with American machinery.

Tonight the senators will have dinner with Vice-Admiral Sims and Ambassador Page at the ambassador's home. Tomorrow they will investigate the workings of the British censorship in all its phases.

POWER TO INVESTIGATE AMERICAN RAILROADS

WASHINGTON, Nov. 5.—The supreme court held today that the interstate commerce commission has practically unlimited powers to investigate activities and expenditures of railroads.

The decision was rendered in the case of President Milton H. Smith and other officials of the Louisville & Nashville railroad who contested the commission's authority to require them to answer questions regarding their company's political activities and contributions. The court decided that a carrier has the right to mould or enlighten public opinion, but that its conduct is open to inquiry.

The opinion is the first definition of the wide powers conferred on the commission by congress in 1910, which the railroads have always denied. It declares flatly that the investigating and supervising powers of the commission extend to all activities of the carriers and to all sums expended by them which could affect in any way their benefit or burden as agents of the public.

**APPRECIATE WORK OF
AMERICAN RED CROSS**
ITALIAN HEADQUARTERS IN Northern Italy, Nov. 5.—10 A. M.—Reports of heavy artillery fire on both banks of the Tagliamento, with chief pressure on the Italian left wing, shows that Austro-German planes have crossed the river as far as the north. The enemy is trying to throw his main body into the plain on the western Friuli region. The enemy attack in the Guideria valley on the Trentino front also shows clearly his purpose to make a mass attack from the north. The Italian authorities highly appreciate the work of the American Red Cross which is supplementing the conspicuous service the British Red Cross rendered during the recent retreat.

HOSPITAL EQUIPMENT
Italian headquarters, Sunday, Nov. 4.—The first installment of hospital equipment provided by the American Poets Ambulance organized by H. Nelson Gay, an American author living in Rome, has arrived here. It consists of fifty ambulances, seven barracks hospitals and thirty tent hospitals with a capacity of more than 600 beds.

COUNTRY RESPONDING.
Washington, Nov. 5.—Reports tonight to the national headquarters of the war camp community service show that cities and towns all over the country are responding heartily to the nation-wide campaign opened today to raise a war camp community fund of \$3,750,000. The money will be used to provide recreation and wholesome environment for the enlisted men in the communities adjacent to training camps and army posts.

ROCKFORD BARBERS QUIT
Rockford, Ill., Nov. 5.—Nearly all of the union barbers of the city are on a strike. They struck a week ago, but agreed to return to work for a week, meanwhile committees representing the boss barbers and the journeymen have been trying to agree upon a wage scale. The journeymen met yesterday and voted to strike.

RATES INSUFFICIENT
Washington, Nov. 5.—John Skelton Williams, controller of the currency, in a formal statement today declared that present railroad rates are insufficient to maintain the credit of the roads and predicted that the Interstate Commerce commission will grant the revision now being asked by the roads.

IN NEW BARRACKS
Chicago, Nov. 5.—Bluejackets at the Great Lakes Naval Training Station are now quartered in the new \$10,000,000 barracks, the last of the tents being put away for the winter today.

WALKOUT AVERTED
New York, Nov. 5.—The threatened long shoremens' strike which Union leaders asserted would call out 40,000 waterfront workers Wednesday at this port has been averted. The government arbitration board will give its decision Wednesday afternoon on disputed points.

NATION WATCHING ELECTION RESULT IN NEW YORK TODAY

Two of Mayoralty Can- didates Inject War Issue Into Campaign

NEW YORK, Nov. 5.—One of the bitterest political campaigns in this city's history came to a close tonight with the eyes of the nation looking toward New York because two of the four candidates for mayor have injected war issues into tomorrow's election.

Mayor John Purroy Mitchell, fusion candidate for re-election has largely subordinated his fight against Tammany Hall by asserting pro-German influences were working to control the election and declaring himself in complete sympathy with President Wilson's policies.

Morris Hilquit, Socialist, has campaigned openly as a peace advocate.

John F. Hyland, Democratic candidate who has the support of Tammany Hall and the Hearst newspapers has based his fight on attacks on finances, real estate deals, Gary schools and other phases associated with the Mitchell administration. William M. Bennett, Republican nominee, has centered his campaign on Tammany and the Mitchell regime.

Emory R. Buckner, chairman of the Fusion campaign committee which is working for re-election of Mayor Mitchell, denied the charge of the district attorney that "gunmen" were to be used at the polls tomorrow and asserted that "high class detectives" of "known and proved ability" had been engaged to prevent "Tammany repeaters" from voting.

Election Today In Ohio.
Columbus, O., Nov. 5.—Statewide prohibition and presidential woman suffrage are questions to be decided by Ohio voters at tomorrow's election. Fifty thousand votes was the majority claimed by drys, while wets stated that prohibition would be defeated by "approximately 200,000 votes."

Suffragists expressed belief their cause would carry but did not estimate by what majority. Anti-suffragists predicted the issue would be defeated by 125,000.

**TWO HUNDRED DIE
IN MEXICAN BATTLES**
NOGALES, Ariz., Nov. 5.—One hundred and fifty Mexicans and about fifty Yaquis have been killed during the last few days in the campaign against the Indians in the mountains south of Sauqui Grande, according to word reaching Nogales today. Hospitals in Hermosillo, Guaymas and Alamos were said to be receiving many wounded Mexican soldiers.

The Mexican garrison at Nogales, Sonora, has been sent south to join troops under General Torres in the campaign. All idle men in Nogales, were pressed into the military service.

The Yaqui leaders are reported to have said they would harm no one but Mexican soldiers. They have not molested American miners nor interfered with train operation.

**RECEIVER FOR MILK
COMPANY ASKED**
CHICAGO, Nov. 5.—Appointment of a receiver for the All-Package Grocery Company, which operates a string of 149 stores, warehouses and bakeries between Chicago and New York, was asked in a bill filed today in the United States Court by the Grand Lodge Milk Company, a Michigan corporation which has a claim of \$3,000 against the concern.

The grocery company was incorporated two and one-half years ago in New Jersey with a capital stock of \$2,500,000 of which \$700,000 was used in promoting the company it is said. The assets of the concern are said to amount to \$400,000 while liabilities aggregate \$200,000.

HAS ENGINE TROUBLE
Mineola, N. Y., Nov. 5.—The Caproni airplane piloted by Captain A. S. Resnati of the royal Italian flying corps which left here at noon today for a flight to Hampton, Va.; returned an hour after ascending on account of engine trouble. It was announced tonight. The flight will be attempted again tomorrow. The huge airplane had attained an altitude of 3,000 feet when the engine began to miss fire.

WORKING HALF TIME
Springfield, Ill., Nov. 5.—Coal mines in the big producing fields of southern Illinois are working only about three days a week, due to car shortage. Harry Fishwick, vice president of the Illinois miners' organization, stated today.

**WEATHER INDICATIONS
AND TEMPERATURES**
Illinois.—Fair Tuesday and probably Wednesday, continued mild temperature.

"Chew twice as long and you won't need half as much food," says Dr. B.

S. E. Prather secretary of the Sangamon county farmers' association sees a possibility of a seed corn famine in that county, because of early frosts killing the kernel.

Dr. Woods Hutchinson, in a London lecture, declares that the cost of taking life is greater in this war than in any other. He estimates that it requires from three to four tons of projectiles to kill one man. This has every appearance of being only a rough estimate, but it is probably more accurate than the old guess that it required a man's weight in lead to be shot at him in battle to put him out.

In the light of events that have taken place since the war started, the following quotation from speech said to have been delivered by Joseph Chamberlain at Birmingham, in 1898, is, to say the least, interesting: "I would even go so far as to say that, terrible as war may be, even war itself may be cheaply purchased if, in a great and noble cause the Stars and Stripes and the Union Jack should wave together over an Anglo-Saxon alliance."

They do good work in Oklahoma occasionally. Of the twenty nine persons who have recently been tried for creating antiraid disturbances in that state, the ring leaders were sentenced to ten years each, and all of the others to terms ranging from six months to six years. The authorities in Oklahoma are evidently determined to discourage sedition.

Dr. Carl Mueck, leader of the Boston Symphony orchestra, was called on to lead in playing "The Star Spangled Banner" and promptly resigned. As he was neither with us or openly and honestly against us, we are glad that an opportunity has been opened for him to join the "alien enemy" camp.

NO AUTOS BY FREIGHT.

It is rumored that the national government has issued an order that no more freight cars should be

used for the shipping of automobiles. This applies not only to box cars but to coal cars, cattle cars or any kind of freight carrying cars in use on the railroads.

The business of this nation at this time is to win the war and until that is assured many other things will be compelled to be put aside. It is thought that pleasure cars will be one of the first things looked upon by the government as a place where money can be saved.

The Courier is making an appeal for contributions to a fund to purchase tobacco for our boys in France. It is commendable and worthy. The wood would undoubtedly be greatly appreciated by a majority of the boys in khaki. Send in your subscriptions to the Courier.

That the American gunner who fired the first shell at the enemy was red-headed wasn't lost sight of even in a world war by war correspondents looking for color.

From 224 ships in commission to more than 1,200 vessels in active service; from 55,445 men to 256,585—that is the evolution in Uncle Sam's navy in the eight months since Germany served notice she proposed to renew "ruthless" submarine warfare.

A PUBLIC ENEMY.

As the week's campaign for the Hoover pledge was closing and while the president was promulgating regulations for wholesalers, cannerymen, packers and retail dealers, under the powers vested in him by the Lever food and fuel act, Chicago detectives announced that several hundred carloads of potatoes, cabbage, onions and sugar beets had been allowed to freeze and rot in railroad yards. The detectives insist that this had been done to force higher prices. In proof, they allege that they found cars carrying the ruined goods were marked "rubbish" and that a thin layer of sticks and dirt covered the contents. The proper authorities have been advised of conditions, and it is safe to assume that if the report be true prompt and severe punishment will be meted out to the offenders. Any destroyer of food is a public enemy. In a crisis like this, and shot, he dealt with as such.

STOCKING BANKS AND BANKS.

(Cleveland Plain Dealer.)
A Cleveland woman used her stockings for a savings bank till some one, unmindful of the ethics of hoarding, made a run on the depository. A Cleveland man kept his hard won savings in an old trunk and the old trunk at home. Some one raided the trunk. Another financial institution out of business.

These two reports are taken from one day's news. They indicate a state of mind.

Few branches of business are given more publicity in these days than banking. It would seem that every one from childhood to old age ought to appreciate the superiority of a bank to a stocking or a trunk as a place for keeping one's savings.

But every little while some incident occurs to indicate there is still a field for missionary work among those in ignorance of the service which banks offer.

CONSCRIPTION IN CANADA.

Conscription will be the great issue in the Dominion election Dec. 19. The present Canadian Government expects to be opposed by men of draft age who have not volunteered, but may be expected to receive the entire vote of the soldiers at the front and their relatives at home. Sir Wilfrid Laurier, the former Liberal premier, will lead the opposition. A Quebec anti-conscriptionist has appealed to the courts to prevent the application of the law to that province, and Government attorneys are inclined to believe that an almost forgotten provision in the British North America Act of 1867 affecting Quebec raises a serious question as to whether the law can be enforced in Quebec.

WARNING TO BUSINESS MEN.

With a warning that inflation already has begun, A. C. Miller, member of the federal reserve board, told the national conference on financing the war that American business must not undertake to carry the war on an "extra" but must exercise the vision and imagination necessary to see the great changes in economic organization essential to victory.

Mr. Miller pointed to the increase in federal reserve bank investments as evidence of the existence of inflation, partly responsible for the rise in commodity prices since the United States went to war, and declared that if this increase continued it was not unreasonable to expect that before long the reserve system would be made into a great engine of banking inflation. He explained the process by which enormous inflation has been caused in Germany and France thru government borrowing from the banks.

AND GERMANY IS LAUGHING.

Now the silver coin is jingling for the price upon the head.
And Germany is laughing at the falling drops of red.
Oh, not in lower regions is the king of terrors reign.
For upon her hellish altar have the innocent been slain.
And Germany is laughing in all her fiendish glee.
At the crimson spots now staining the flag of liberty.
Yes, Germany is laughing while the world is shedding tears.
And the sound of orphans sobbing shall be heard adown the years.
And Germany is laughing; but the world is working, too.
And its eyes are gladly turning to our Red and White and Blue;
For where its folds are waving there's hope in every star.
And the clans of right are gathering to end the tyrant's war.
And like a lion crouching they'll spring upon the prey.
And Germany is laughing, but she'll pay, pay, pay.

THE U. S. AND CANADA.

That the U. S. is not alone in having a number of traitors and obstructionists who seek to begot the issues involved in the present war, is evidenced by the following statements made by a Montreal anti-government paper:

"The English now have struck Canada from their balance sheet, figuring us an asset of the United States," Le Devoir asserts. "In this operation England finds a triple profit. In the first place, in delivering us over to the Yankees the British Government can negotiate Canadian securities in New York at the same rate as American, this one operation bringing to England hundreds of millions of nonreimbursable funds. Secondly, in getting rid of the care of sustaining our national credit England is rid of three or four billions of indirect obligations." Le Devoir then goes on to affirm that Canada will be independent or annexed to the United States before these obligations become due.

"In fact, the English themselves make no secret of this," it states, "and as practical business men, they find it to their profit to get everything in their power out of us for the war and then sell us understandingly to the United States."

"Following the war Canada will be no longer profitable to England and we will be too far gone to be set up again. The Americans, however, thanks to their great reserves of capital, will be in condition to bring value out of immense resources of this country, and will in this manner recompense themselves for the advances which they have made to both the English and ourselves. "We are, in fact, the only losers in this game. In ruining ourselves for the war we are working for the profit of England today and for the United States tomorrow, and in pushing us toward bankruptcy the English and the Americans understand what they are doing, all right. Canada is a country very rich and very poor; poor at present, but rich in the future."

A COUNTY AGENT'S WORK.

Many county agents in addition to their efforts to increase soil fertility and crop production and organize and co-operate their farmers, send out regular monthly circular letters to their subscribers covering all manner of timely subjects.

On Oct. 23, the county agent of Livingston county, Illinois, sent out a closely typewritten seven page letter to each of his farmer members. It covered a great many matters of farm interest among others.

The importance of securing clover, alfalfa, soy bean and rape seeds early and asking those who wanted these seeds to advise him as soon as possible so that he might secure for them clean, sound seed.

The results of using the different clovers in his county.

The importance of selecting seed corn now and information as to the methods of picking and storing.

A discussion of the most profit-

able methods to utilize "soft" corn. On offer to supply corn huskers to those who need this kind of help.

A discussion of Liberty Bonds for the farmer.

A discussion of straw spreading for wheat production and a report as to the merits of various straw spreaders.

A table showing the value of oat, wheat and clover straw, etc., as fertilizers.

A for sale and want list wherein are listed live stock, seeds, etc., owned and offered for sale by members and a list of wants of many farmers.

Advice as to storing apples and potatoes.

Advice as to sick lambs and remedies recommended.

Advice as to hog cholera with the request that members notify him as soon as they observe a sick hog so that he can come at once.

Notice of a big corn demonstration with a request that those of his members who grow corn go with him to the demonstration, and several other matters of local importance.

THE REJECTED

It gives my soul a wrench, that I can't join the boys, and excavate a trench, and make a warlike noise, I stick to my abode and do my dad, grind, because I'm a pig-tail, knock-kneed and color blind. For none of hero's wreath, no garlands or applause, because I've store made teeth, swayed back and lumpy jaws. I see the boys go by, with buoyant step and free, and shed a weary sigh—the march is not for me. I may not hear the drums, or join the gallant charge, because I've shriveled gums, because my waistline's large. Ah, well, a gent can do his little stunt at home, if he can't put a few beyond the raging foam. By bumping all the day, and buckling down like wax, methinks that I can pay each added wartime tax. By helping liquidate our Uncle's grievous bills, I'll keep my record straight. I'll though shy of martial thrills, I'll pay up like a guy who wants to do his share, so when the boys go by I'll get no hero's stare. I cannot pack a gun or wield a snickersee, because I weigh a ton and have the housemaids falling of the hair, but that won't let me out—I still can do my share.

ELECTION TODAY.

Vote today for F. J. Scholfield, Republican candidate for county commissioner. He ranks as one of the high class young business men and farmers of this county, and is a man who can safely be entrusted with county business affairs.

A NOTABLE QUARTET

Standing on the corner of the walk in front of the Ayers National bank yesterday afternoon were four looking men who would attract attention from any one. A Journal reporter introduced himself and found them kindly gentlemen ready to answer questions and be interviewed. One fine physical specimen of manhood was J. H. Stout of Carrollton. The gentleman was returning home from Arezville where he had been the past three weeks assisting Rev. Thomas Simmons, pastor of the Methodist church in revival services. The meetings were attended with good results and Mr. Stout was returning home pleased with the knowledge that he had been performing a religious duty much to his satisfaction. Another gentleman was Rev. C. E. Hudson, a worthy Baptist minister residing in White Hall and pastor of a church at Mt. Olive where he had officiated the day before and was on his way home.

Rev. B. F. Drake was still another of the number. His home is in White Hall and he had been to Lowder proclaiming the gospel to save mankind. The fourth was still another Baptist minister of the southern suburb of Jacksonville and he had been to Eldred the day before for church services.

BAD BLAZE AVERTED.
A bad fire was narrowly averted Monday morning at 11:05 o'clock at the implement establishment of Martin Brothers across from the city hall. An employee had gone into the basement to draw a gallon of oil. The oil barrels are set in a row on one side of the basement. The employee struck a match to get light and threw the match on the floor. The floor is saturated with oil and the match was not extinguished and set fire to the floor. A few moments afterward smoke was seen issuing from the basement and a still alarm was sent to the fire department. The blaze was extinguished with the chemical with little damage, the fire not having gotten into the oil barrels.

HAVE COUNTY ADVISERS
IN ARKANSAS

J. A. Groves has just returned from an extensive trip through Arkansas and says that in twelve counties he visited they have county advisers, which they find profitable and which will account for the fine county buildings they have and many other evidences of advancement. He says that an acre of Illinois soil is worth lots more than the oil of that part of Dixie and if the advisers pay there, how much would they pay here.

CITY'S WATER SUPPLY
GETTING VERY LOW

Situation One Which Calls for Economy of Consumption—Hosemen in Fire Department Ask Increased Pay—Officers Reports Received by City Council.

The old, old story of the short water supply was the principal theme of discussion at the council meeting Monday morning. The report made by Mr. Vasconcellos indicated that the supply at Morgan lake is very low and if rain does not come in the course of a week or ten days the supply from that source will be entirely exhausted. Every possible effort is being made to increase the supply at the north side station but there are various reasons why this work is somewhat slow. There is every indication therefore, that the people will soon be called upon to "Hooverize" in the use of the city water. Mayor Rodgers reported that the Standard Paving Co. had given assurance that the work of laying asphalt on Prairie street will begin not later than Thursday of this week. Reports were received from various officers and a petition from the hosemen of the fire department asking for an increase in pay.

Street Affairs.
After the usual opening business had been transacted Mr. Cox made a report for his department, telling of some trouble with the sewer on Webster avenue. He also mentioned the necessity of moving a Railroad & Light company pole on West North street between Church and Fayette street which interferes with a private driveway. Engineer Henderson referred to a pole in the rear of the Duffner store which also should be removed. The light company will no doubt give the necessary relief.

Mr. Vasconcellos said that a number of people had complained about the shrubbery on the Illinois college campus at the corner of West College avenue and Park street, which so screens the view that auto drivers on Park street and College avenue cannot see each other. There have been several collisions there. The matter was referred to Commissioner Martin and he will ask the college authorities to take some action which will lessen the danger.

Water Supply Low.
Mr. Vasconcellos in reporting for the water department spoke of the urgent necessity of using economy. The supply at Morgan lake is now below the tunnel and unless rain comes soon the lake will be pumped dry. A broken shaft has temporarily stopped work at the north side station, although every effort is being made to speedily put an additional well there into operating condition. The indications are that if the drought continues that the city will soon find itself in as serious a condition regarding water supply as was true a year ago.

Engineer Henderson reported a sewer on South Mauvaisterre street which had been under construction for the past two weeks as completed. He also stated that J. E. Bretz, who has the contract for paving the business district, had promised to have a large force of men here this week putting down the creosoted blocks. The engineer said he had directed Mr. Bretz not to tear up any more pavement until the streets now torn up are in passable condition. The government is now limiting the amount of stone and gravel which can be shipped for public improvements and it is not likely that any more foundation work can be done this season.

Mr. Cox said that it had been reported to him that the Standard Paving Co. did not expect to put down any asphalt for ten days or two weeks, and he thought that a lot of excellent weather was being lost. Mayor Rodgers said he had the assurance from Mr. Thatcher, who is in charge of the company's work here, that the laying of asphalt will begin some time this week. The machinery is almost in condition and some brass parts which were recently stolen must be replaced before the new work can begin. The mayor said further that there had been many vexatious delays in connection with public improvements but considering the unusual difficulties for doing such work that excellent progress had been made.

Hosemen Ask More Pay.

A petition was read from hosemen of the fire department stating that they again asked an increase of pay from \$60 to \$70 and that unless this increase was granted them by Nov. 15 that the men must seek other employment. The petitioners were Earl Butcher, Earl Williams, Theodore Arisman and John Taylor, and it is their argument that under present conditions \$60 a month is not sufficient pay to enable them to support their families properly. The men are on duty 24 hours a day for six days each week. The petition was referred to Commissioner Martin but will be considered by the whole council. It is understood that at that conference the question of raising the pay of various city employees will be considered. Mr. Vasconcellos asked that the pay of Charles Roberts, meter reader of the city, be increased from \$60 to \$70 a month. Mr. Roberts has been offered a better position elsewhere and Mr. Vasconcellos said that he was such an efficient and industrious employee that it would be a real loss to the city if he were to go. Mayor Rodgers, Mr. Cox, Mr. Widmayer and Mr. Vasconcellos voted in favor of the increase. Mr. Martin was not present at the session.

Reporting for his department, Mr. Widmayer said that bills were being paid as rapidly as possible and that every effort was being made to handle city affairs economically.

Reports of Officers.

The report from the water department showed total collections of \$2,930.44. These collections were as follows: rent \$2,848.59, meters sold \$62.50, taps \$9, meter repairs

SHURTLEFF COLLEGE
PRESIDENT FILLS PULPIT

Frederick Potter, President of Shurtleff College, Alton, Preached At Baptist Church—Members Enjoyed Basket Dinner at Noon.

Winchester, Ill., Nov. 5.—President Frederick Potter of Shurtleff College at Alton filled the pulpit at the Baptist church Sunday morning. A large congregation enjoyed his forceful sermon on the subject, "Come Up Higher." His utterances regarding the war and from the standpoint of patriotism were especially strong and it was evident from his remarks that Pres. Potter is no friend of the half-patriot or hypocritical American. He is no friend of the slacker. After the morning service the members enjoyed a basket dinner.

A WELL KNOWN

CITY OF THE DEAD

The Cemetery at Arcadia has a Notable History.

The cemetery at Arcadia has a history which is in some respects unusual. The present trustees are Messrs. Levi Deatherage, Charles Ogilvie, C. P. Henderson, J. J. Clark and Fred Henderson.

Some years ago the venerable D. C. Henderson wrote the following and it will bear repetition at the present time. Only Jackson Henderson and James Dinwiddie remain of the board of trustees:

There are very few people in this vicinity who are not in some way interested in the subject of which we write. The Silent City is the home of many dead ones whose vacant chairs stand in almost every house. A sketch of it will therefore be of interest to many of the surrounding country. Perhaps as early as 1827 a child of Thomas and Rebekah Din-

widdle was buried in one corner of his land or claim, which place was marked by two rough rocks—one at the head and one at the foot of the grave—and a beautiful weeping willow at the head of the grave, which grew so rapidly that it covered the grave all over and became rotten at the bottom and had to be cut down. That was the first burial in the Silent City. That ground was selected for a school house and burying ground. Mr. Dinwiddie deeded to Z. Harker one-half acre of ground for that purpose and the ground filled up so rapidly that it had to be enlarged on the north and south. A brick church for the M. E. society was built, which stood for many years, but finally gave way. The place was supplied with a beautiful frame in 1863. The ground filled up so fast that a grave could not be dug without digging into one unseen. It became necessary to take some action on the subject. A few of those interested in the subject got together and decided that more land must be attached or a new one located. Knowing at the time that a piece of land belonging to the heirs of Richard Johnson, deceased, would fill the bill for all time to come, a committee was appointed to wait on the heirs and it was found that the land could be bought at \$50 per acre. A contract was made without one dollar to pay with. Immediately subscriptions were started to raise the money, but failed in a great measure to comply with the law. Five trustees had to be elected, which resulted in the choice of A. Dountain, Jackson Henderson, A. A. Crum, B. F. Couchman and James Dinwiddie. They, not being the least doubting or discouraged borrowed the money at 10 per cent, got the deed and paid for the land. It being entirely covered with forest timber, they had it all taken off and the ground enclosed with a good fence, sent for the county surveyor and had it surveyed and found it to be about eighteen acres, more or less, and at the same time, had the ground in part laid off into burying lots, say 18 feet square—some 300 feet or more—with a beautiful driveway and alleys all through. Also a beautiful piece is left as a Potter's field for those who did not wish to pay for a lot. The price set on the lots by the trustees is \$10. After the ground was surveyed the lots began to sell and be beautified by tasteful monuments of every description by the owners. Evergreens, etc., mark the beautiful mounds where the silent sleepers rest. It became so attractive that the Robin red breast delights to build, and little footsteps point the place. No question but the trustees will be blessed for their energy and perseverance in the selection of so beautiful a site for a silent city with every accommodation that is needed, such as a comfortable sexton house and church on the ground, and leading country roads, leading east and west, north and south, by the silent city.

As fast as money is received from the sale of lots it is applied to the payment of the debt, so that the trustees have got it whittled down so that there is no debt now of any amount, and to the improvement of the grounds. The city is now a place of beauty and general resort in good weather. Graceful drives and footpaths wind around and about it. Elegant monuments perpetuate the memory of the departed. Beautiful flowers and shrubs adorn the green sod over the homes of the departed ones. Evergreens add to the adornment of the surroundings and all combine to form a scene of picturesque beauty and elegance. Yet with all this loveliness there is a feeling of sadness and gloom as we roam the streets of the silent city. Our hearts go out beyond the outward beauty and penetrate the narrow homes of the silent sleepers to life, and as they are but with memories kept green in loving hearts whose affections have prompted the delicate adornments that seem to soften the sadness of fond recollections of happier days.

NOVEMBER MEETING OF BOARD OF EDUCATION

Board Held Regular Session Monday Evening—Reports of Officers and Claims and Payroll Approved—Other Matters of Minor Importance Transacted.

The board of education met last evening in regular session and transacted routine business. The lack of water pressure at the high school building was before the meeting; leave of absence for the remainder of the school year was granted to Mrs. Martha Hall; arrangements were made for use of domestic science laboratory by the public course in dietetics; Thanksgiving holidays were arranged; opening of the open air school Nov. 12 was announced; arrangements for high school instruction at the Jacksonville State Hospital was made; better lighting in Jefferson, Franklin and Morton buildings was decided on; help for the truant and the health officer was ordered.

The Proceedings.
The board met in regular session with all members present except Members Duncan and Rogerson. President Lippincott in the chair. Minutes of last meeting were read and approved. Bills amounting to \$3,112.24 were allowed and salary payroll of \$7,153.41.

The building and grounds committee reported trouble for lack of water pressure at the high school building and as it is probably due to too small a service pipe the matter was referred to the committee to give it attention.

The resignation of Miss Martha Hall as stenographer for the principals of the high school and David Prince building was tendered and accepted as the lady has a better offer and Miss Julia Lawson was appointed in her place.

Mrs. E. A. Jones who has been teaching in the David Prince building and also domestic are announced that she had registered last summer for government duty but had not expected a call but had received one from Washington to do secretarial work and must respond and leave of absence for rest of the school year was granted the lady with regrets.

A letter was received from Rev. J. C. Kupper, pastor of the German Lutheran church thanking the board for the use of the building during the gatherings of the church.

A letter was read from Miss Annie Bellatti, chairman of the course in dietetics asking for the use of the laboratory for the purpose of giving lessons. It was suggested that it would involve considerable extra expense to keep open and heat the apparatus and leave was granted the board not to be at any extra expense.

Thursday and Friday, Nov. 29 and 30 were declared holidays.

Supt. Perrin was authorized to arrange for all teachers who wished to attend the high school conference at the University of Illinois, Nov. 22-24, the attendance not to be compulsory.

Communication from Dr. E. L. Hill of the State Hospital stated that a number in the institution desired to take a civil service examination but were obliged to have a certain amount of high school instruction and wished the aid of the board in securing it and it was agreed that teachers might go out to the institution and hear classes out of school hours as might be arranged and agreed upon and receive for the pupils proper compensation which would be the property of the instructors.

Larger thermometers were ordered for Jefferson, Franklin and Morton school buildings.

Supt. Perrin was authorized to receive bids for printing a high school course of study.

The open air school committee announced that the building would be ready for use Nov. 12. It was decided to have a kind of housewarming the 10th that all might have an opportunity to inspect the structure and its appointments and the details were referred to Supt. Perrin and the committee.

It was suggested that bills for electric lighting were great and one reason was the improper lighting systems of the school buildings and it was decided to remodel one each year till all will have been put in shape.

Miss Johnson, truant and health officer, reported a greater amount of work than she could possibly do well and Supt. Perrin and Member Black were instructed to seek an assistant to work tentatively until next meeting.

Officers' Reports.
The report of the treasurer was received and placed on file.
Supt. Perrin reported attendance:
High School..... 398 98 296

FIGURES APPROVED BY PRESIDENT WILSON

Maximum Prices on Steel Agreed on by War Board and Producers Receive Official O. K.

Washington, Nov. 5.—Maximum prices on cold rolled steel, pipe, scrap, sheets, wire and tinplate, agreed on by the war industries board and steel producers were approved today by President Wilson. The figures are based on those named in a recent arrangement made by the board with producers selling basic prices on steel and iron and on the materials entering their manufacture. The prices fixed will apply to all transactions, government, allied and public and are subject to revision January, 1918. Using the basic prices and those already fixed on finished products as a standard, iron and steel manufacturers will fix immediate prices on other finished products. These prices will be subject to review by the war industries board and as the others fixed will run until January 1.

The prices set today are as follows:

The prices for sheets range from \$4.25 to \$6.25 per hundred pounds. L. o. b. Pittsburgh, according to grades. On three quarter inch pipe to three inch black steel pipe a discount of 32 and 5 and 2 1/2 per cent. L. o. b. Pittsburgh, was fixed. The agreement on cold rolled steel was 17 per cent from the March 15, 1915 list. L. o. b. consuming point were No. 1 heavy melting, \$30 per gross ton; cast iron borings and machine shop turnings \$20 per gross ton; No. 1 railroad wrought iron \$35 per gross ton. The plain wire price was fixed at \$3.25 per hundred pounds. L. o. b. Pittsburgh. For tinplate the price fixed for coke base Bessemer and open hearth products was \$3.75 per hundred pounds, L. o. b. Pittsburgh.

The board announced that the iron and steel manufacturers had agreed to adjust the maximum prices of all their products for which prices have not been agreed upon, to the same general standard as the prices announced.

GERMANS REPORTED ON THE RETREAT

French Front in France, Nov. 5.—By The Associated Press.—Germans still hold the northern slope of the valley of the Ailette after retreat from Chemin des Dames, of which nothing remains but the historic name and its dominating position over the marshy lowlands. The famous little river would scarcely be worth making on an ordinary map as its greatest breadth is only three yards. The Germans have made many bridges over the stream all of which were destroyed when the last man of their retreating forces went over.

The French patrols everywhere reached the southern bank whenever they attempted to attain the other side they met with a murderous machine gun fire. The whole southern slope of the valley was swept hour after hour Sunday by German shells of all calibers, most of them charged with noxious gases. Every place where the Germans believed French were concentrating received continuous salvos, but they did little damage. Several thousand projectiles were fired by German artillery in this sector mostly at long range and without exploding.

BRINGS SUIT TO RECOVER

New York, Nov. 5.—The Russian government brought a suit in the federal district court today to recover \$1,500,000 which it claims to be owing it by the American Can company. The litigation grows out of munitions contracts made in 1915 by the Imperial Russian government with the Canadian Car & Foundry company and sublet in part to the American Can company.

THREATENED STRIKE.

New York, Nov. 5.—A strike of 5,000 butchers was threatened here early today unless the Master Butchers acceded to a number of demands, including union recognition, higher wages and a shorter work day on one day a week during summer months.

WALL STREET STOCKS SUFFER SEVERE LOSSES

Demoralization of Rails is Most Discouraging Feature of Monday's Trading.

New York, Nov. 5.—Stocks tumbled again in Wall Street today. Standard railroad shares and representative industrials suffered extreme losses of 3 to 7 points, with irregular and mostly slight recoveries.

Chief of the factors which entered into the selling was placed by Wall Street on the financial position of the railroads. It seems to be the unanimous opinion of substantial moneyed interests that speedy action to relieve the strain on transportation companies would most effectively offset the timidity now prevalent among security holders.

This phase of the situation was considered at a conference today between officials of the stock exchange and banking interests including J. P. Morgan, hope in the financial district of early and favorable reply by the inter-state commerce commission to the plea of the eastern heads as entered today was heightened by the statement of the comptroller of the treasury urging that the railroads be given "much needed relief."

Foreign developments also figured actively in the day's depression. The further offensive of the Teutonic armies in Italy and the American losses in the western theater of the war provoked further liquidation from new as well as old sources.

Demoralization of rails was the most discouraging feature. Grangers and pacifics supplemented steady losses of the last two months by additional depreciation.

Many of these stocks were at low quotations of 5 to 20 years and St. Paul common and preferred at 38 and 75 1/2 touched their lowest levels.

directed so as to cover all adjacent territory, including the passage leading up to the trenches thereby forming an effective barrage in the rear as well as in front.

The young lieutenant in charge of the detachment of Americans started back to the communicating trenches to his immediate superiors for orders. The barrage knocked him down, but he picked himself up and started off again. He was knocked down a second time but determined to reach his objective got up again. A third time he was knocked down and badly shell shocked and was put out of action. Soon after that the Germans to the number of 210 rushed thru the breaches and wire entanglements on each side of the salient their general objective barrage in the foreground having lifted for a moment. The Germans went into the trenches at several points. They met with stout resistance. Pistols, grenades, knives and bayonets were freely used.

For many minutes there was considerable confusion in the trenches the Germans stalking the Americans and the Americans stalking the Germans. In one section of the trench an American private engaged two Germans with the bayonet, that was the last seen of him until after the raid when a dead American was found on the spot. Another was killed by a blow on the head with a rifle butt from above.

Some of the Americans apparently at the beginning of the attack did not realize just what was going on. One of the wounded, a private, said: "I was standing in a communicating trench waiting for orders. I heard a noise back of me and looked around in time to see a German fire in my direction. I felt a bullet hit my arm."

The Germans left the trench as soon as possible, taking their dead and wounded with them.

An inspection showed, however, that they had abandoned three rifles, a number of knives and helmets.

The raid was evidently carefully planned, and American officers admit it was well executed. As a raid, however, there was nothing unusual about it. It was such as is happening all along the line. There is reason for believing the Germans were greatly surprised when they found Americans in the trenches instead of the French.

INVALID PAYS VISIT.

Mrs. Martha Black who has been an invalid for fifteen months on account of a broken hip was taken to the home of Mrs. C. W. Cully on East State street yesterday where she spent the afternoon. It was the first time Mrs. Black had been out since the accident and it is needless to say that she greatly enjoyed the occasion. She is making her home with Mrs. W. C. Self on East State street.

MURRAYVILLE LOST TO PEARL.

Murrayville lost to Pearl at basket ball Saturday afternoon by a score of 24 to 129. The game was played at Murrayville on an outdoor court. The game was exciting and at the close of the second period the score was tied. A five minute over period was played and the score was still tied. In the second five minute period Pearl forged to the front and won out.

ECONOMIC PROGRESS
IN BELGIAN CONGO

Miles of Railroad and Telegraph Lines Built Since War Began—Colony's Exportation Shows Great Increase.

Havre, France, Oct. 2.—(Correspondence.)—"Belgium has built more than 400 miles of railroad and 1,400 miles of telegraph lines in its colony, the Belgian Congo, since the war began, besides conquering 125,000 square miles of territory that was occupied by the Germans," said the Minister of Colonies, M. Renkin, to The Associated Press today.

"The crisis that the war provoked in the colony was of short duration," he added. "Importations were stopped momentarily and, in spite of the efforts made by the Belgian government to assure the neutralization of the conventional basin, the Germans attacked the Belgian Congo."

"It was necessary to defend the lakes and wrest them from German domination, involving the construction of a new port, to build there new boats including a gunboat, organize an ascadilla of water-planes to cooperate with the other forces, then attack the island of Kwidi which the Germans had captured by surprise."

"The difficulties appeared to be enormous but we succeeded, not only in defending our frontiers, but in cooperation with the Franco-Britannic forces, conquered the Kamerun and aided in the defense of Rhodesia and Uganda."

"The offensive against the German East African colony began in 1916. The Belgians occupied all the northeastern part of the colony, the banks of the Tanganyika to the neighborhood of Bismarckburg and took Tabora on September 19, thus realizing the conquest of 125,000 square miles of the enemy's territory."

"At the present writing our troops, in union with the British are driving back the German forces that are still holding out in East Africa."

"Our economic effort has, in nearly every detail, kept pace with our military effort," M. Renkin said. "We not only built 400 miles of railroad and 1,400 miles of telegraph lines, but we increased the production of the copper mines of Katanga from 10,720 tons in 1914 to 30,000 tons this year. The gold mines of Kilo and Moto that furnished two tons of gold in 1914 furnished three and a quarter tons in 1916."

"Diamonds were extracted by the American group to the total of 15,000 carats in 1914. This year's output is estimated at \$5,000 carats."

"The first months of 1918 are expected to give us 20,000 tons of rice from the Congo. The Congo furnished the Allies 22,390 tons of palm nuts, 3,850 tons of palm oil and 3,017 tons to rubber, all of which was used in war manufacturing plants. The total value of the exportations of the colony passed from 53,000,000 francs in 1914 to 129,000,000 in 1916."

UNCONVENTIONAL IN DRESS

London, Oct.—In matters of dress etiquette, Sir Douglas Haig, commander of the British forces in France, is the most unconventional of field-marshal, and the despair of strict disciplinarians. Besides discarding the shoulder-strap of his Sam Browne belt, Sir Douglas refuses to wear the ivory-hilted sword prescribed for officers of his rank, and prefers the cavalry sabre. He also defies custom by using a hunting bit for his horse instead of the heavy service pattern.

HOLLAND'S "CRISIS"

EXPENDITURE
The Hague, Netherlands, October.—The war cost Holland \$60,400,000 in the first half of this year, bringing the total so-called "crisis" expenditure since the beginning of war up to \$295,640,000. Crisis expenditure principally means the maintenance of army and fleet in a state of mobilization. It also includes the cost of providing cheap food.

NO RESTRICTIONS ON EXPLORER'S SHIP

GREAT NEED FOR
KNITTED GARMENTS

Central Division Sends Out Appeal for Knitted Garments—Work Should be Distributed Thru Headquarters.

The communication given hereunder should be noted by all who are engaged in Red Cross work. The Central division of the American Red Cross calls attention to the need of constant knitting in order to supply the demand for knitted garments for the soldiers. Attention also is called to the desirability of sending goods to headquarters for distribution in order to avoid duplication. The communication follows:

Demand for Knitted Articles

The demand for knitted articles is very great. Major Murphy has appealed for them for use in France. We are also asked to supply our soldiers about to sail for France, and in addition we have constant requests from the camps and cantonments in this country.

You will be interested to know that we are making every effort to supply the need from whatever source it may come. We therefore ask all Chapters to continue knitting to the limit of their capacity for several months to come as there is at present no danger of an over-production of knitted articles.

There is a great demand for helmets. Although these were not called for in the original assignment, Chapters that have completed quotas should turn their attention to the making of helmets.

Distribution of Knitted Articles

The National Organization thru its agents supplies the needs of the soldiers in France. It also takes care of our men before they leave for overseas, and in addition provides for the men in camps and cantonments.

We appreciate the strength of local sentiment, but at the same time we ask that Chapters give due consideration to the men of the United States forces as a whole.

When Chapters have endeavored to distribute the finished articles they have frequently duplicated the work of the National organization. They are also not always posted on the exact location of the men whom they wish to reach. Misdirected shipments have caused confusion and delay, resulting in the articles not being put to use as quickly as they would have been had they been forwarded direct to the Bureau of Supplies.

Field Directors operating under the Bureau of Military Relief have been appointed and are established at each camp and cantonment. These directors are in daily touch with the Division Bureau of Military Relief and we are advised without delay of the exact need that may exist among any of our men. This fact should reassure Chapters that everything possible is being done by the National Organization to handle the situation.

Whenever a report reaches a Chapter that men in training from its home town are in need, please communicate this fact to this office, and the matter will be dealt with by us without delay.

WHY I SHOULD REGISTER

(By Mrs. Raymond Robins.)

Today the Woman's Committee is asking the women of Illinois to register voluntarily for service to America.

The natural question is: Why is it necessary for us to register? And the best answer is: Service.

How can we best serve America in this great hour?

Thousands of us are mothers of little children. The day's work lies in their care, their protection, their development. This is a service to America.

Thousands of us are working in the shops and factories of our state. The day's work takes our time and strength. Woman's labor in factories and mills feeds the cannon in the trenches; woman's labor in shops and stores feeds the homes of Europe; woman's labor clothes our armies. That, too, is service to America.

And again, thousands of us are ready to serve, if need be, by taking a place in the factories, mills, lumber yards, or on railways, in order that we may thereby insure to the children and young girls in our industrial army protection from the burden of overwork.

We are at war. Our men are at the battle front. The women of Illinois are voluntarily organizing themselves into a second line of defense. Every county, town and ward will have its unit of women working for its unit of soldiers. But not only for its soldiers. The needs of our men are great, but equally great are the needs of thousands of our little children.

Our children must not fight this war. The women's units will see that warmth and food and shelter are given each child; that no call for industrial service loses to any child its right to education and training and a chance to grow; that no young girl need forfeit her possibility of motherhood by being asked to carry industrial burdens beyond her strength.

To serve our men, to protect the childhood and the motherhood of our people women of Illinois must organize. We must know who we are and what we can do. To organize effectively we must register. We must register as women gladly uniting in volunteer service for an effective second line of defense.

NOTICE TO ATTORNEYS

By direction of Judge E. S. How much money will you save in a year by using cheap soap?

What will you lose by the harm rubbing or boiling does to your clothes? What is your own time worth?

Fels-Naptha soap saves clothes by making boiling and rubbing unnecessary. It saves women by actually doing most of the cleansing for them. It saves fuel. It saves time. Use Fels-Naptha—it is the thrifty way to wash.

Notice to Sick Women

The Experience of These Women Prove That There is a Remedy for Your Illness.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. PERCY PRESTIDGE, Aberdeen, Idaho.

Kingfisher, Okla.—"For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no pain, backache or dizzy spells. Every one tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it."—Miss NINA SOUTHWICK, R. F. D. No. 4, Box 33, Kingfisher, Okla.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up. Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

Verses Heard At DR. G. W. MILLER'S ANNUAL SUPPER FOR KNIGHTS

The following verses were used at the annual chicken supper given Wednesday night by Dr. G. W. Miller of Woodson for Knights Templar. They were written for the occasion by S. W. Nichols and are printed by request:

Should Dr. Miller be forgot
And never brought to mind;
Should Dr. Miller be forgot
And all these suppers fine?
We'll ne'er forget no ne'er forget
Though far and wide we go.
How happy one and all must feel
To hear his roosters crow.

Say, aren't you glad you are a Knight
And glad to be here too?
What can in all the world compare
With all this jolly crew?
The doctor, may he ne'er grow less
And then his precious niece
Marie's a jewel choice and rare
Without a bad caprice.

Bob Buckthorpe ate a dozen breasts
And hadn't then enough.
So twenty cakes and pies galore
And lots of other stuff.
He smacked his lips and said O my
This supper is so fine
The doctor is a noble soul,
I love him every time.

We'll not forget the feast last year
When Dunavan came down.
For eating most and longest, too,
He surely took the crown.
And then how royally he played,
It raised us to the skies
It made us feel like very kings
And filled us with surprise.

We'll not forget the doctor's fowls,
The chickens yellow limbed;
For goodness they are not surpassed
No host can equal him;
His pies and cakes so good and sweet
Are worthy of a king;
His praises as a generous host
We evermore will sing.

One man forgot his coffin trade,
His calling somber, sad,
And joyously set out tonight
With merry heart and glad.
He warbles like a songster rare
Though full of things to eat,
Who couldn't sing when he was full
Of luscious things to eat?

O, Woodson has a place right warm
In every Sir Knight's heart;
When gathered round this festal board
'Tis hard, indeed, to part.
We'll ne'er forget no ne'er forget
This merry, jolly night,
But sing the praises of our host
A royal, true Sir Knight.

Not every man can preach all right
And then deal out the pills
That cure the human race so well
Of all their various ills.
And such a host is rarely found
With generous hearty cheer;
May he be spared to have us back
For many a many a year.

The good things we have had tonight
Lay French cooks in the shade;
The pies and cakes were quite as good
As mother ever made.
And that fried chicken, many a year
We'll taste it in our dreams.
Till at the last when life is done
We cross the dark, deep stream.

Then here's to Dr. Miller true,
Our friend and frater dear;
We'll treasure up his royal feast
For many a passing year.
And at the last we hope he'll march
On streets of glass and gold,
And sing the song, the blessed song,
That never can grow old.

O Woodson, little town
Where Dr. Miller's found
Of thee we sing.
Place where the chickens grow,
And lovely maidens, too,
This merry, lively crew
Thy praises ring.

When day is growing late
We love to congregate
Arround the board

**Sure! High Heels
Cause Corns But
Who Cares Now**

Because the stylish crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn, gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.—Adv.

By Dr. Miller spread
Where every one is fed
And every one is led
Praise to accord.

Now see Bob Buckthorpe eat
And self perform a feat,
And Cassell stuff.
How Rabjohns puts it down,
And Snyder'd get a crown,
The biggest eater found;
Shibe has enough.

Now Phillips pick that wing,
Estaque eat everything
That is in sight.
Ed Chrisman try that pie,
Bart Johnson I'll defy,
And Hackett is close by
With appetite.

John Phillips cannot write,
He's such an appetite;
See Steve Knoles eat.
How Johnson picks the bones,
He can't beat Dr. Jones,
Coover eats to his bones,
Hall can't be beat.

Just see Fletch Hopper now
Ransdell would raise a row
If Hall got more.
How Dr. Duncan eats
The legs down to the feet,
Charles Cornick tries the feat,
Cruse make a roar.

Charles Ransdell likes the food,
Frank Kitzer says its good,
Ed Dunlap, too.
One Fairlee glups it down,
While Snyder says he's found
The biggest eater round
Taylor will do.

We'll herald forth the truth
Carter's a lusty youth,
Charles Cruse is strong.
Two preachers here to view,
Latham and Oldham, too,
Walk straight or they'll get you
So come along.

There's Edward Gallagher
A man we could prefer
To many men.
John Russel is all right,
Beard is all appetite,
Atkins would eat all night
If he'd a hen.

There's Coover, man of drugs,
And Hofmann's after bugs
Upon his flowers.
We have one Nicol plate
John, sure as any fate,
Would even eat his plate
In midnight hours.

John Shirley's appetite
Will equal Henry's quite,
And Jim Devore
Would eat a chicken whole,
Tayman would down a bowl
And Barlow, on my soul,
Would go it more.

Onward merry Fraters,
Off to Woodson town;
Appetite's all whetted,
Chicken fried to down,
Dr. Miller's ready
With his sweet Marie,
Every one to welcome
Very heartily.

Onward merry Fraters,
Quickly southward go
Where the table's waiting,
Where the roosters crow.

Then what winsome ladies
Help prepare the feast
Of the needed forces
They are not the least.
Chicken, pies and pudding,
Cakes and sauce galore,
Surely such a menu
Ne'er was seen before.

Onward, then ye Fraters,
Do not lose your hearts
To the winsome ladies,
Watch for Cupid's darts.
Dr. Miller asks us
With a generous will,
To enjoy his goodies,
All to eat their fill.
What a noble spirit,
Hospitality
Like to his was never
Handed out so free.

Onward, hasten Fraters,
To the table go,
Appetites all whetted,
Do not be so slow.
Fraters all make ready
For the coming fray;
Arm yourselves with weapons
Suited for the day.

Appetites all ready,
Slackers banished all;
We will quickly hasten
At the doctor's call.
Onward then ye Fraters,
Chicken's waiting there,
Served by handsome ladies,
Beautiful and fair.

Arm yourselves with weapons,
You have active work,
Not a foe to slaughter,
But with knife and fork.
All surround the table,
Tackle cake and pie;
Chicken fried so lovely,
Better never fly.

Onward then all Fraters,
Dr. Miller's grand;
And the ladies fairest
See Miss Bertha Dunlap
Bringing in that fowl;
Ellen Harney follows
Without any scowl.
Margaret Strandberg's ready
Coffee to set down;
Hazel Watson follows,
After her Maud Brown.
O ye Fraters hear us,
Such a splendid feast;
But the ladies pleasant
Surely are the best.

Marg'rite Steinmetz coming
With a plate of pie;
Clara will follow,
Megginson is nigh.
All will serve in manner
Best we ever see;
Led by one, the captain,
Charming, sweet Marie.
Onward, every Frater,
Bless the ladies all;
Bless our friend the doctor,
Bless them one and all.

A CREAMY LOTION MADE WITH LEMONS

Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.—Adv.

JACKSONVILLE GROCER THANKFUL

"I had been sick nearly 20 years with stomach trouble and was slowly starving to death as everything I ate caused terrible gas and pain and my food did not digest. I was reduced to 115 pounds. A friend advised me to take Mayr's Wonderful Remedy about 4 months ago, which I did and now weight 151 lbs., and can eat anything. I am very thankful for Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Adv.

ARE PROPRIETARY MEDICINES FRAUDULENT

Undoubtedly, there may be some that are, but on the other hand, there are many proprietary remedies that are as standard as any prescription that any present day physician can write, and in thousands of homes you will find these old, reliable remedies in every year use with satisfactory results. Such a medicine is Lydia E. Pinkham's Vegetable Compound, which, for nearly 40 years, has been alleviating the suffering of womankind, and overcoming some of the most serious ailments of her sex. If you are suffering from any of the ailments of women, just give this medicine a trial and prove its worth for yourself.—Adv.

PERISTENT BUYING MAKES CORN SOAR
Figures at Finish Were Highest of Day—Corn and Provisions Also Jump.
Chicago, Nov. 5.—Corn rose today on federal announcements establishing \$15.50 a hundredweight as a minimum price on hogs. The market closed strong, 2 1/2 to 2 3/4 cents higher, with December \$1.17 1/2 and May \$1.12 1/2 to \$1.12 3/4. Oats gained 1/4 to 3/8 cent, provisions 2c to 3c.
Persistent buying made corn soar as soon as trading opened. The finish was at near the top figures of the day. Such temporary reactions as took place kept within moderate limits.
Oats went upward with corn.
All provisions jumped as the result of the government recommendation on the hog price minimum.

CHICAGO LIVESTOCK MARKET
Chicago, Nov. 5.—Hog receipts today proved too numerous for the immediate requirements of the trade. At the close, the market was 1/2 to 3/4 cent higher, with December \$1.17 1/2 and May \$1.12 1/2 to \$1.12 3/4. Oats gained 1/4 to 3/8 cent, provisions 2c to 3c.

INCREASED ACREAGE.
Planted to Fall Wheat in This State—Ample Labor to Harvest the Corn Crop.
Increase in the acreage planted to fall wheat in Illinois are expected, according to Charles Adkins, director of agriculture, although exact figures will not be available until December when the next regular report is issued.
Reports coming from Mercer county, Mr. Adkins stated, indicated an acreage increase of 200 per cent, as compared with 2 per cent there in the fall of 1916. This figure, he said, is far too high to be used as an indication of how large the increase will be, because in many sections, it is reported, particularly in the south, there has been no additional ground given over to wheat.
The total wheat acreage planted in the fall of 1916 was 1,742,982, an increase of six per cent over the fall of 1915.
Figures of a year ago showed that the northern part of the state was raising more wheat while the southern part was giving up this crop. In the northern section in the fall of 1916, the acreage was 159,000, an increase of 12 per cent over the previous year; in the central portion 821,000 acres, an increase of 4 per cent; and in the southern part 761,000 acres, a decrease of 14 per cent. Difficulty of finding labor and dry weather at seeding time were given as the reasons for the decrease of 14 per cent in the southern portion of the state.
Ample labor is on hand to harvest the corn crop of central Illinois, despite the drafting of many young farmers, according to reports from the counties near Springfield.

NEW BRIDGE ACROSS THE OHIO
Paducah, Ky., Nov. 5.—The present month is expected to witness the practical completion of the \$3,500,000 bridge that is being built by the Paducah and Illinois Railroad over the Ohio River, about twelve miles west of this city. The bridge is 5,700 feet from end to end and 2,345 feet exclusive of approaches. It has one of the longest single truss spans in the world, the main channel span being 720 feet.
With the opening of the new bridge to traffic, a great railroad route will be connected up, reaching from Norfolk, Wilmington, Charleston, Savannah, Jacksonville, Tampa, Pensacola, Mobile and New Orleans, on the Atlantic and the Gulf coasts, to Portland, Seattle and Vancouver, on the Pacific coast, for it will link the Atlantic Coast Line and Louisville & Nashville railroads with the Chicago, Burlington & Quincy Railway and the Great Northern Railway, and will realize a transportation dream of many years. The new route will also connect Richmond, Atlanta, Louisville, Nashville, Memphis and other interior cities of the south with Chicago, Minneapolis, St. Paul, Duluth, Winnipeg and other cities of the northwestern interior.

NEUTRALS INCREASE GOLD HOLDINGS
London.—How neutral countries have increased their gold holdings by \$120,000,000 since the beginning of the war is shown by the following table:
Before War Now
Bank of Spain—£22,000,000 £77,000,000
Bank of Netherlands—£13,000,000 £56,000,000
Swiss National Bank—£7,000,000 £13,500,000

STOCK MARKET IN VIOLENT UPHEAVALS
Representative Shares Adding 3 to 7 Points to Their Recent Shrinkage.
New York, Nov. 5.—The week in the stock market opened with another violent upheaval, representative shares adding 3 to 7 points to their recent shrinkage. Shares of less importance lost even more, the reversal in isolated issues extending to 10 points.
The quotations reached lowest levels at mid-day, evincing extreme weakness on news of a further reversal to the Italian forces. Halls of the better class yielded 3 to 5 points, Reading falling six and Great Northern 6 1/2. In general, these reversions implied minimums for periods of five to twenty years. St. Paul common and preferred sold at lowest quotations in their long history at 38 and 75 1/2, respectively.
Steel made a further decline of 1/4 to 3/8, lowest of the year. Independent steels and allied equipments and copiers dropped 3 to 5 points; oils, leathers, sugars and war supply stocks broke 3 to seven.
Rallies of 2 to 5 points in the final hour were attributed to advocacy by a high treasury official of material advance of rates, to the railroads of the country and to short covering. Sales 1,124,000 shares. Liberty 38 yielded from 37 1/4 to 39.50. Total sales of bonds, par value, aggregated \$5,200,000.

LADIES' AID WILL GIVE THANKSGIVING SUPPER

Literberry Ladies Aid of Baptist Church Arranges to Give Annual Supper—Other News of Interest From Literberry and Vicinity.

Literberry, Illinois, November 5.—The Ladies Aid of the Baptist church met on the first day of November at 2 o'clock, P. M. at "Walnut Brook Farm," with Mrs. Ona Crum hostess. After the devotional and business part were over a good program was carried out of Bible questions, reading and other selections, closing with a piano solo, "Hallelujah Chorus," by Mrs. Darrell Crum. About thirty-five were present. An offering was taken and refreshments of the best were served in abundance. Arrangements were made and committees and solicitors appointed for the annual Thanksgiving supper, which will be at the Baptist church on the evening of the 25th of November, 1917.

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar**.

It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. **Foley's Honey and Tar** tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute.

Mrs. B. H. Gerrett, Schoolfield, Va., writes: "My baby was stricken with severe cough and cold at one month old. I gave him ten to fifteen drops of **Foley's Honey and Tar** every three hours and it surely helped him. I can't say enough for it."

A RAW, SORE THROAT

Eases Quickly When You Apply a Little **Musterole**.

And **Musterole** won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest (it often prevents pneumonia). Nothing like **Musterole** for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

The End of Your Corns

Pain Stops at Once—Corns Lifts
Off Clean.

There is nothing in the world like "Gets-It" for corns. Just apply it according to directions, the pain stops at once and then the corns lift off as clean as a whistle. No fuss, no bother, no danger. "Gets-It" you know, is safe. Millions have used it, more than all other corn remedies combined, and it never fails.

Don't Waste Time "Hollering."
"Gets-It" Never Fails.

There is no need for you to go through another day of corn agony. But be sure you get "Gets-It." Accept nothing else, for remember, there is positively nothing else as good. "Gets-It" never irritates the live flesh, never makes the toe sore. You can go about as usual with work or play, while "Gets-It" the magic, does all the work. Then the corn peels right off like a banana skin, and leaves the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

SOLDIER IN TEXAS TELLS OF DRILLS

Long Hikes Hard at First but Fine for Muscles—W. T. Aker One of the Liberty Bond Buyers.

William T. Aker, who is with Co. B, 37th infantry located at Laredo, Texas, in a recent letter to his sister, Mrs. Herman Meier living on route No. 6, gives the following interesting paragraphs about army life:

Just a few lines to let you know that I received your letter and was glad to hear from you. It is queer weather down in this section of the country. During the day it is very hot and at night it is so cold that you need two or three blankets to keep warm. It has only rained about six times since I have been here, and they were regular cloudbursts. This is a border town right on the Rio Grande river. All you can see down here is cacti, they are like Heinz's pickles—57 varieties of them. It is a hot, dusty place. Believe me, I would rather be in France. I have been down to another place that is called Zopata. It is 63 miles further south. To get there we went in motor trucks. Had to cross a desert without a sign of habitation except a few vultures or a rattlesnake now and then. We have plenty to eat and plenty of drilling. We are drilling about seven hours a day. I am as hard as a rock and as brown as a berry. Tell Herman it is not as hard as grubbing out timber, tho.

We have some pretty long hikes at times. The pack we have on our backs with the ammunition weighs about 75 lbs. and they take us for a 10 or 15 mile hike. It is pretty hard for a fellow just coming in, but when he gets used to it he don't mind it at all.

I bought a liberty bond and when I get a few cents more I am going to buy another.

It's surprising—likewise gratifying to know that one can still get a splendid, serviceable waist for \$1.00.

The cost of everything that goes into the making of these waists has radically advanced—but the price remains the same.

Tremendous growth in sales with large resulting economies in making have kept the quality up—the price down.

The new styles are Seasonable and particularly appropriate for wear at this time of the year.

You Get Better Cough Syrup by Making It at Home

What's more, you save about \$2 by it. Easily made and costs little.

You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save \$2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly.

Get 2½ ounces of Pinex (60 cents) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full pint—a family supply—of the most effective cough syrup that money can buy—at a cost of only 65 cents or less. It never spoils.

The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat tickle, hoarseness, bronchitis, croup and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

MATERNITY

Maternity and "Mother's Friend" have long been thought of together. "Mother's Friend" is a safe external preparation for expectant mothers. By its regular use the fine network of nerves just beneath the skin are soothed and stretching pains are avoided. The abdominal muscles relax easily when baby arrives and the form is preserved. "Mother's Friend" makes it possible for the mother to be herself and to aid nature. By so doing pain is avoided at the crisis. Do not neglect to give nature a helping hand. EIGHT PERSONS IN AUTO WRECK; NONE KILLED

Studebaker Car Turns Turtle With Eight Passengers—Occupant Receive Only Minor Injuries—Driver Was Trying to Pass Another Car When Accident Occurred.

Fred Wharton of 808 South Church street, sustained a broken right arm, Joseph Hennessey of 824 Doolin avenue an injury to the left knee and six other persons received minor injuries and bruises when a Studebaker in which they were riding turned turtle near Arnold Station about 9 o'clock Sunday night. It is alleged the occupants of the Studebaker car were racing with a Ford when the accident occurred.

The injured were taken to Our Savior's hospital by Howard Zahn, who was near at the time of the accident, where they were attended by Dr. J. W. Hairgrove. In addition to the above named Miss Lacey Hall received slight injuries to the left arm. The other occupants of the car were Freling Gordon, 215 West College avenue, Minerva Wharton,

Lacey Hall and Sadie Hall, 808 South Church street, and Lucile Kastrup, 608 South Church street. All of them were severely shaken up and it is a miracle that they were not killed.

According to the story told by the occupants of the two cars, the Studebaker car driven by Fred Wharton was proceeding east on the Morton road. There was a Ford car behind it and a short distance from Arnold Wharton slowed down to pass another car. Then, it is said, the Ford car in which was a man named Edwards and his family passed the Studebaker. It is said that Hennessey then took the wheel and speeded up to again get in front of the Ford. Just as Hennessey was about to pass the Ford it is said that it swerved suddenly into the path of the Studebaker which struck it in the rear on the left side. Hennessey tried to straighten the car out but could not do so. It plunged into the ditch and turned over twice.

Edwards immediately stopped his car and went to the assistance of the party who were pinned underneath the car. They were gotten out and brought to the city by Howard Zahn.

The Studebaker was the property of Wharton who had recently bought it from Charles Strawn, and he invited the party to go for a ride. The Misses Hall reside at the Wharton home and attend Brown's Business college. The car had a fender broken, and the windshield, top and gasoline tank also were wrecked and the steering wheel put out of commission.

Just before the accident occurred several persons who saw the cars passing estimated that they were going at a rate of fifty miles an hour. Prior to the accident all of the party in the Studebaker said they were riding along leisurely.

CHRISTMAS MAIL

As many young men from this vicinity are in the U. S. Navy, the following, issued by the department at Washington will be of interest:

"With the approach of the holiday season, special attention is being given to the delivery of Christmas mail to enlisted men serving abroad. Arrangements have been perfected by the Navy, War and Post Office Departments, whereby Christmas mail to American Expeditionary forces in Europe and to the crews of the U. S. Naval vessels serving in European waters will be delivered by Christmas morning. Without the fullest co-operation on the part of the public it will be impossible to accomplish this result.

"The families and friends of enlisted men are urged to observe the rules adopted by the Navy, War and Post Office Departments, particularly in three essential respects:

"1. Mails to reach sailors and soldiers by Christmas must be posted not later than November 15th.

"2. Every package must bear conspicuously the words 'Christmas Mail,' the complete address of the person for whom it is intended, and, in the upper left-hand corner, the name and address of the sender.

"3. Every parcel must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to Europe which has not the postmaster's certificate that it contains no prohibited articles.

"All mail for men serving on board vessels of the Atlantic Fleet and in European waters should be addressed to the U. S. S. —, care of Postmaster, New York, N. Y. All mail intended for men serving in the Pacific or Asiatic Fleets should be addressed to the U. S. S. —, Asiatic Station, via San Francisco, California, or to the U. S. S. —, Pacific Station, via San Francisco, California."

VENERABLE MINISTER

DELIVERS SERMON. Mrs. Robert Palmer of 1516 South West street, is in receipt of a copy of the minutes of the 1917 Session of the Illinois Central Conference. This contains a picture of Mrs. Palmer's brother-in-law, Rev. Geo. R. Palmer, D. D. Also a copy of the 60th Anniversary sermon delivered by that venerable minister before the Conference in Macomb, where, 57 years ago Dr. Palmer brought his bride to share his first pastorate. Dr. Palmer is in his 83rd year, but this product of his pen shows an intellectual vigor retained by him at this advanced age. Although a resident of the Sunny South, Dr. Palmer is still a trustee of the Grand Prairie Seminary at Onarga, and retains a lively interest in that splendid institution of Methodism.

SLACKERS WHO FAILED TO REGISTER TO GO FIRST

Men Who Failed to Register Will Be Sent Ahead of Regular Registrants in Next Contingent—Word Received By Local Board Monday—Will Be Given Half Numbers.

According to a telegram received at the office of the local exemption board Monday all men eligible to register and who failed to observe the selective draft law, and who are apprehended, shall be put in ahead of all other men selected for the next contingent from this county. They will not be given regular draft numbers but will be given half numbers so that the board may be able to put them in ahead of other men already in line for the next call.

The members of the board are of the opinion that the next call for men will be delayed somewhat owing to the crowded condition already existing at Camp Taylor and also in order to allow the men, most of whom are farmers, to harvest their crops.

Chairman Miller Weir has arranged his time, now that the second liberty bond drive has been accomplished, to devote Saturdays and Mondays to the work of the local board office. All those wishing to consult Mr. Weir may find him at the office on those days. During the remainder of the week he is busy as consulting state bank examiner at the state auditors office in Springfield.

Social Events

Birthday Anniversary Observed.

A party of friends and relatives gathered at the home of Arch Bridgman Sunday to remind him that it was his birthday. At noon a bountiful dinner was served and an enjoyable day was spent. The guests departed wishing Arch many more happy birthdays. Those present were John Bridgman and family; Mr. and Mrs. W. S. Spencer and family; Mr. and Mrs. Oscar Brainer; Mr. and Mrs. Philip Brainer; Henry Bridgman, and Ted Bridgman.

Observed Birthday Anniversary.

Saturday was the 79th birthday anniversary of Iton Middleton, a prosperous and well known farmer residing seven miles southwest of Jacksonville. In honor of the event his children arranged for a surprise party. They all assembled at the family home and enjoyed a bounteous dinner and the day was pleasantly spent in music and conversation. All of Mr. Middleton's children and eleven grandchildren were present. Two of his children, Miss Grace and Robert still live at home. The guests were: Mr. and Mrs. Ira Patterson and family, Jacksonville; Mr. and Mrs. Walter Patterson and family, Mr. and Mrs. Grover Vasey, Mr. and Mrs. Robert Scott and family, and Wall Patterson, all of the immediate neighborhood. Mr. Middleton and his estimable wife are enjoying good health and are happy in the declining years of their lives.

Birthday Surprise

Party for Otto Grimmett.

One of the pleasantest gatherings noted lately was held at the Grimmett home, five miles southwest of Jacksonville, Saturday evening, when Mrs. Otto Grimmett planned a surprise on her husband in honor of his birthday, and about sixty-five friends arrived to help him celebrate. The evening was one of much merriment and was spent with music and in a social way. At a late hour refreshments were served. Among those present were: Mr. and Mrs. J. H. Devore, Mr. and Mrs. C. O. Winters and family, Mr. and Mrs. Charles Thies and family, Mr. and Mrs. Fitzpatrick, Mr. and Mrs. Irvin Shoemaker, Mrs. Watts, Mr. and Mrs. Samuel Butler, Mr. and Mrs. Jack Leach, Mr. and Mrs. Dick Butler and family, Mr. and Mrs. Jesse Butler and family, Mrs. Anna Ransom and sons, Mr. and Mrs. J. S. Butler and daughter, Mr. and Mrs. Thomas Butler, Mr. and Mrs. Lloyd Darwent, Mr. and Mrs. Porter Bell and family, Mrs. Turner, Miss Anna Ransom, Miss Marie Bussey and Miss Nora Filkin.

College Hill Club

Met With Mrs. Brown. Mrs. W. Finley Brown was hostess to the College Hill club at her home, 954 West Lafayette avenue Monday afternoon. Alaska is the subject of study this year and Miss Maria Fairbank presented an excellent paper on its "Mountains and Glaciers." Mrs. R. P. Joy read a splendid paper on its "Climate and Agriculture." Following the program a social hour was enjoyed.

Raised Goodly Sum

for Red Cross. Ladies of the Church of Our Savior gave a dance at the K. C. hall Monday night to raise funds for material for Red Cross work. Not long since the committee in charge of the Red Cross work found an empty treasury and gladly accepted the offer of the Knights of Columbus for the use of their hall. Tickets were sold for the dance and generous preparations were made for the entertainment of the company. The hall was prettily decorated in patriotic colors and Powers' orchestra furnished music. The goodly sum of \$150 was raised which will be used in the purchase of materials for sewing and knitting.

The Knights of Columbus have given further evidence of their interest in the work by furnishing a sewing room for the use of the women during the coming winter months. A large committee, of which Mrs. John Buckley was the chairman, made the arrangements for Monday night's successful dance.

AFTERNOON SEWING.

The Ladies of Westminster church will meet at the home of Mrs. S. O. Barr, 1209 West State street, Thursday afternoon at 1 o'clock, to sew for the Red Cross.

REVIVAL SERVICES COME TO CLOSE

Hanley-Fisher Evangelistic Party Closed Meetings Sunday Night—Three Large Audiences Hear Dr. Hanley—Free Will Offering Totaled \$1,600.

The Hanley-Fisher meeting came to a close Sunday evening and it is not exaggerating to say that they ended in a blaze of glory and the distinguished visitors left Jacksonville with the benedictions of all who met them while here. Certainly Jacksonville never had within her borders evangelists who were more completely won the hearts of all who came in contact with them.

The eminent common sense and all around ability of Dr. Hanley were certainly wonderful. Take him anywhere, on the street, socially, at a convivial gathering, in a meeting, at an assemblage of business men and he is always the same void of clerical airs and meanness would hardly think he is a preacher but an ordinary business man ready to meet any one on his own level.

The meeting Sunday morning was a tremendous outpouring and was grand in results. The financial part of the enterprise has been well cared for and the \$1,500 Dr. Hanley was to receive was increased to \$1,600.

A very gratifying feature of the meeting was the large participation in it of young persons, pupils of high school and others. There was a deep solemnity and much earnestness manifested and all came away feeling it had been good to be there and gain an inspiration.

The meeting for men in the afternoon was well attended and those present had some plain words from the evangelist. He fully appreciated all the good features of Jacksonville, its courtesy, culture and refinement, its lovely homes and lovelier people but with sadness he had to say that the church people in general and the men had not come up to the help of the Lord against the Mighty as they should. He said the men did not do their part and had not done it and they should turn over a new leaf. Rev. W. A. Sunday said only in Boston did the church people lay down on him as badly as in Jacksonville.

Many came forward and shook his hand promising to do better. In the evening there was a grand outpouring and many were unable to gain admission. The service was the most earnest of all and many went forward to align themselves with the people of God. It was hard indeed to say goodbye and regret that the meetings were at an end was expressed on all sides.

MORTUARY

Hofferkamp

George Hofferkamp, well known to many citizens of Jacksonville, died at St. John's hospital, Springfield, Monday morning at 6:40 o'clock. Mr. Hofferkamp's son Edward passed away two weeks ago Saturday. Deceased was the father of Mrs. Charles L. Degen for a number of years a resident of this city.

Mr. Hofferkamp was born in Germany 34 years ago and came to this country when a boy and settled in Springfield where he became one of the city's prominent business men. Besides Mrs. Degen he also leaves a son, George Hofferkamp, Jr., one grandson, August, who is in military service at Camp Logan, and one brother, Herman, and one sister, Mrs. John Broeker, both of Springfield.

The funeral probably will be held Wednesday morning. Mrs. P. J. Shanahan, a niece of Mrs. Mary McAvoy, expects to attend.

Ferreira.

James Ferreira, a well known citizen of Springfield, died at his home, 103 W. Carpenter street, Springfield, Sunday, after a brief illness. Mr. Ferreira was a brother of J. Z. Ferreira of this city and was well known to a great many Jacksonville people who will regret to hear of his death.

Thompson.

Mrs. Mary Verdia Thompson of Arcadia passed away Monday afternoon at two o'clock at Our Savior's hospital. About six weeks ago, while Mrs. Thompson was visiting in Iowa, she was injured in an automobile accident and suffered several broken ribs and from shock. She never recovered from this experience and steadily declined in health and strength since that time. About four weeks ago she was taken to Our Savior's hospital and the hopes that the care and treatment afforded there might bring about an improvement in her condition.

Mrs. Thompson was born in Des Moines county, Iowa, March 3, 1860, her maiden name being Mary Verdia Sallady. She was married to Johnathon Thompson and they moved to this vicinity to make their home many years ago. Mr. Thompson preceded his widow in death more than twenty years. Mrs. Thompson leaves two sons to mourn her loss: Clarence and Harry of Arcadia, also three brothers, Martin Sallady and McClelland Sallady of Nebraska and John W. Sallady of Michigan; also two sisters, Mrs. Ellen Oberman of Mt. Union, Iowa, and Mrs. Rebecca Neal of near Arcadia.

Mrs. Thompson was of a lovable nature and her hospitality and kindnesses made her many close and lifelong friends. Her entire lifetime was lived in a conscientious manner and she had the respect of all who knew her.

The remains were taken to the undertaking parlors of Williamson and Cody where they were prepared for burial and will be held pending funeral arrangements not yet decided upon.

PRENTICE PATRIOTIC

MEETING POSTPONED. The patriotic meeting which was scheduled to be held at Hubbs' store in Prentice Monday evening was called off.

FINAL INSTRUCTION IN REGISTRATION WORK

Women Met Monday Afternoon for Conference—In Most Precincts Outside of Jacksonville Registration Will Be Done Today.

Women who are to assist in registration work tomorrow met Miss Elson Barnes, county chairman, for conference at the public library Monday afternoon. Several hours were spent in this work and any woman who did not have a thorough understanding of the work when the conference began had all uncertainties cleared away. The company present included both white and colored women from all four wards.

In addition to the numerous questions on the printed registration cards the following were found to fit special cases and will be added to registration cards: unoccupied, student, trained nurse, chiropodist, experienced with deaf or blind, chaplain, canteen worker, story teller, Sunday school worker, Christian Science practitioner. Women were instructed that in all cases where someone is registering and does not find a blank on the printed card which gives the special line of work she is fitted to perform, that it will be entirely satisfactory for the registrars to insert on the card any other qualification. It is to meet such cases, that the different lines of work indicated above were outlined.

An explanation was made with reference to the registration fee of 10c. This is a voluntary fee and there is no requirement that 10c be paid. However, women are urged to make the payment when they can do so conveniently as the council of defense has had certain necessary expenditures in printing and for publicity, and the money collected thru the voluntary registration fees will be used for defraying this necessary expense.

The registration work will be carried on today in Jacksonville precinct No. 1 and in various county precincts, as the women in charge of the work in these precincts decided that it will be a much easier task to get the women out to the registration places today (election day) than would be true tomorrow. They argue that women can accompany men who go to the polls to vote and that a much larger registration of women will be secured in this way than would otherwise be true.

Precincts that will have registration of women today in addition to Jacksonville No. 1 are Alexander, Arcadia, Centerville, Concord, Lynnville, Interberry, Markham, Meredosia, Murrayville, Pisgah, Prentice Sinclair, Woodson.

ELECTION TODAY.

Vote today for F. J. Scholfield, Republican candidate for county commissioner. He ranks as one of the high class young business men and farmers of this county, and is a man who can safely be entrusted with county business affairs.

SERGEANT GRAFF

ARRIVES SAFELY.

Sheriff and Mrs. Graff yesterday received a letter from their son Sergeant Byron Graff stating that he has arrived safely at Houston, Texas. He says: "Train six hours late arriving. Lowden's train caught up with us and we came in together since early morn. My first bunk mate in war is to be the governor's son. About all I saw today was Indians, negroes, cotton and red sand."

FORMER RESIDENT IS VISITING RELATIVES

Professor Samuel Fairbank Blodgett, former resident of Joy Prairie, is visiting relatives here—has been noted as teacher and has been engaged in that work in East.

Prof. Samuel Fairbank Blodgett was in the city yesterday shaking hands with old time friends. The gentleman was born on Joy Prairie 68 years ago and graduated from Yale college in 1874 and at once devoted himself to the life of an instructor. His first experience was in Hinsdale, Ill., where he taught a year and was then called to Massachusetts to take charge of the grammar school at Southboro where he remained for three years and then was promoted to the high school where he taught for six years.

He then received a call to the superintendency of the public schools at Milford where he remained ten years and then went to Farmington to take charge of the schools where he remained seventeen years. He then went to Randolph to take charge of a high school unit composed of the schools of Randolph, Holbrook and Avon where he remained four years.

Under the laws of Massachusetts he would have been permitted to retire at any time after reaching the age of sixty and would have been obliged to do so at seventy. He has one son in a prosperous business in Pittsburgh and he and his wife decided they would see some of the easier side of life while they were yet hale and hearty so he laid down the ferule and gave up the occupation he had followed with credit so long. It was an honor to be called from the west to Massachusetts and the long engagements he had show that he was a successful instructor. He is now

visiting his sister, Mrs. Emily Cowdin, and niece, Mrs. Ed Joy of Joy Prairie.

F. J. SCHOLFIELD REPUBLICAN CANDIDATE FOR COMMISSIONER.

Altho F. J. Scholfield's father was born in England he is a native American, as he was born at the family home in Lynnville precinct. All of the candidate's life has therefore been spent in Morgan county. He was educated in the schools of the county. For a time he conducted a business in Jacksonville and subsequently returned to the farm, and since that time has been actively engaged in farming operations. Mr. Scholfield is progressive and public spirited and is familiar with county affairs. If he is favored with a majority at the election today he will devote his earnest, honest efforts toward a business like administration of county affairs.

ELECTION TODAY.

Vote today for F. J. Scholfield, Republican candidate for county commissioner. He ranks as one of the high class young business men and farmers of this county, and is a man who can safely be entrusted with county business affairs.

CLOSING OUT SALE.

MRS. ALZORA B. SMITH PASSED AWAY SUNDAY

Was for Nearly Fifty Years Employee of Wabash Railroad—Had Only Been Ill Few Days—Funeral Services This Afternoon.

Mrs. Alzora B. Smith passed away Sunday at noon at the home of her granddaughter, Mrs. Glenn E. Skinner, 853 South East street. She had been ill but a few days and death came unexpectedly. The passing of Mrs. Smith removes one of the city's best known and highly respected women.

For nearly half a century she was at her duties in the ticket office of the Wabash railroad, entering the service of that company when it was known as the Sangamon and Morgan railroad company. This service continued even after her retirement from active service as she was at the time of her death holding the position of city passenger agent of the road. Mrs. Smith's husband, T. Rice Smith, was in the employ of the Wabash as ticket agent for 59 years. At the time of their retirement in 1909 their total service with the Wabash was 108 years. Mrs. Smith was the road's oldest living employee.

Alzora B. Sanders was born in Millersburg, Ky., in 1839. In 1856 she was visiting friends in Jacksonville when she met and renewed acquaintance with T. Rice Smith who also had been a resident of Millersburg. This friendship ripened into something stronger and in 1859 Mr. Smith went to Millersburg and the couple were married.

They came immediately to Jacksonville where Mr. Smith was in the employ of the Wabash. Mrs. Smith entered the employ of the road in 1869 as bill clerk, operator and ticket seller. They were continuously with the road until their voluntary retirement in 1909. It was a magnificent period of service marked by a devotion to duty both to the road and its patrons that is seldom equalled.

Mrs. Smith was always kindly in her manner and during all her years as ticket seller she retained her genial disposition and always had a pleasant word of greeting and a smile for everyone. This kindly manner she also carried into her home life and she was ever a guiding spirit in her home and was indeed a real wife and mother.

She is survived by her granddaughter, Mrs. Glen E. Skinner of this city and two brothers, J. T. Sanders of Bloomington, and Alexander Sanders of Cincinnati, Ohio, and one sister, Mrs. Mattie Van Deren of Cynthiana, Ky.

Funeral services will be held this afternoon at 3 o'clock from the home of her granddaughter, Mrs. Glen E. Skinner, 853 South East street.

RED CROSS SHOP WILL BE USED AS HEADQUARTERS.

The Red Cross committee wishes to announce that tomorrow the Red Cross shop will not be open for workers, as the room will be used as headquarters for registration workers for the national council of defense. Most of the Red Cross local's active workers are identified with the registration movement and it is because of a wish to co-operate with the national council of defense that the shop will be closed to Red Cross workers. Today there will be a member of the council of defense at the shop to answer questions regarding registration to any ladies who may call for information.

APPOINTED CUSTODIAN OF ARMORY HALL

Fire Chief Samuel Hunt Appointed Custodian of Armory Hall—Will Have Charge of all Business Connected With Leasing Hall for Other Than Military Affairs.

Samuel C. Hunt, chief of the fire department, has been appointed by the adjutant general as official custodian of Armory Hall. Since the departure of the company there has been no one in authority to look after the property. A number of people have desired to lease it for various purposes but could not do so.

The appointment of Mr. Hunt will relieve this condition. Anyone desiring to secure the hall may do so by seeing Chief Hunt at the fire department. The letter to Mr. Hunt follows:

State of Illinois
Military and Naval Department
Springfield.
The Adjutant General's Office.
November 3, 1917.

Dear Sir:

Confirming telephone conversation, I am pleased to officially appoint you as Custodian of the Armory at Jacksonville, Illinois, subject to confirmation by General Dickson upon his return to the State.

In this connection, I wish to advise that the policy of the State in regard to same is to continue the leases in force.

You are authorized to use your own good judgment in the sub-rental for dances, meetings, and other purposes, charging what seems to be a fair and just remuneration therefor.

The incidental expenses including light, heat and janitor services are to be paid from the income from these entertainments, dances, etc. I desire that no expense shall accrue to the State on account of the Armory other than the rental called for in the lease.

If there is anything further in connection with the management of the Armory, I will be glad to have you take it up with me.

Cordially yours,
C. E. RYMAN,
Colonel, 9th Regiment, Ill. Inf.
Chief Clerk.

Mr. Samuel Hunt,
Chief, Fire Department,
Jacksonville, Illinois.

ONE MAN INJURED WHEN AUTO AND TEAM COLLIDE

Man Giving Names as James Junkermon Suffered An Abrasion of the Right Side When Team and Automobile Collide—Car Property of T. U. Fox of Sinclair—Accident Occurred Sunday Night.

A man giving his name as James Junkermon of the vicinity of Franklin was injured Sunday night when a rig in which he was riding collided with an automobile at the intersection of East College and South Clay avenues.

With Junkermon was a man giving his name as Fred Kohrs who said he was the owner of the team, and another man whose name was not learned. The automobile was the property of T. U. Fox of Sinclair. It was left at the garage of Wheeler and Sorrells. It has a broken front light but is not otherwise damaged. An endeavor was made to get in communication with Mr. Fox Monday night but telephone calls to his residence were not answered.

The accident occurred probably about 11 o'clock Sunday night. Just how is not known. The three men were thrown from the rig and the team broke away and ran south on Clay avenue. Junkermon was the only one injured and was taken to Our Savior's hospital where he was given attention by Dr. E. D. Canalsey. He suffered an abrasion of the right side of the face.

It is possible that the names given were fictitious as inquiry at Franklin revealed the fact that neither man is known in that city or vicinity. Neither of the names appear in the last county directory.

CHIEF JIM BLUEJACKET WINTERS IN PEKIN

Chief Jim Bluejacket well known to baseball fans in Jacksonville, is wintering in Pekin. Bluejacket pitched the game for Pittsfield against Jacksonville in 1908 when Billy Sunday was umpire. Later he joined Keokuk and Frank Belt made a good pitcher out of the Indian. He was with Bloomington in the Three Eye league, pitched good ball for the Federal league and but for his occasional bad acting would now be in the big show. Bluejacket has the goods but is not dependable. He jumped Bloomington last year and is now in bad with organized baseball.
